

Kellie Rotunno joined the Northeast Ohio Regional Sewer District in 2008 as the Director of Engineering and Construction. Prior to joining the District, Ms. Rotunno worked for 21-years as a consulting engineer for several national firms. She has a Bachelor of Science Degree in Geological Engineering from Michigan Technological University, and is a registered Professional Engineer in Michigan and Ohio. As Director of Engineering and Construction, Ms. Rotunno is responsible for the delivery of the District's Capital Improvement Program (CIP), including projects associated with the \$3 billion Project Clean Lake, our Combined Sewer Overflow Long-term Control Plan. She is a member of the Sustainable Cleveland 2019 working group for Sustainable Water and the Water Environment Federation's Sustainability Community of Practice.
