**CITY OF CLEVELAND**  
Department of Finance  
Division of Purchases and Supplies  
City Hall Room  
Cleveland, Ohio 44114  
216-664-2929
statement that the sentencing or reviewing judge has determined that the offender is a habitual sexual offender.

(Ord. No. 1873-2000. Passed 12-18-00, eff. 12-27-00)

§ 135.05 Injured or Disabled Firemen and Policemen

In accordance with the provisions of Charter Section 123, members of the Division of Police or of the Division of Fire, disabled or injured in any way in the discharge of their duties, may be treated for such disability or injury at any hospital. Such disabled fireman or policeman requiring treatment outside of such hospital care shall be entitled to be furnished with all devices for rehabilitation, including artificial eyes, artificial limbs and all other such items. Such care and treatment and the cost of such other items required for rehabilitation of such injured fireman or policeman shall be paid from funds established for such purpose in the Department of Public Safety.

(Ord. No. 2073-38. Passed 12-12-38)

§ 135.06 Uniform and Equipment for Police and Fire Forces and Civilian Employees

(a) The Director of Public Safety shall prescribe the uniform to be worn by the members of the police and fire forces and civilian tow trucks, ambulance drivers and other civilian employees as the Director shall determine. He or she shall provide by rule for the regular inspection and proper maintenance of all such uniforms in a neat, clean and serviceable condition. However, all uniform police personnel below the rank of Lieutenant shall have one (1) permanent identification or badge number assigned to them, which number the Director shall require to be permanently sewn or otherwise affixed to all outer shirts, jackets and coats worn by such uniform police personnel. The identification or badge number shall also be placed on such uniforms and apparel as to be clearly visible and legible, in numerals not less than one-half (1/2) inch in height nor less than one-half (1/2) inch in width, and numbers shall be affixed to a patch or emblem not less than two (2) inches in width and not less than two and three-fourths (2-3/4) inches in height. Such patch or emblem shall be permanently sewn or otherwise affixed to all outer shirts, jackets and coats worn by uniform personnel, and be of such contrasting color as to set off the numerals from the background color of the uniforms or apparel to which they are permanently sewn or otherwise affixed.

(b) The City shall bear the cost of permanent identification or badge number as required herein.

(c) The failure of any police personnel required by this section to wear any shirt, jacket or coat all times while on duty, permanently displaying his or her identification or badge number, as required by this section, shall constitute gross neglect of duty and failure to obey orders given by proper authority, and subject such officer to disciplinary action as provided by law.

(d) The Director is hereby authorized and directed in the manner prescribed by the Charter to enter into one (1) or more requirement contracts, or such other contracts as may be necessary for the furnishing of the prescribed uniform and parts thereof during each year, chargeable to the appropriation annually made for such purpose.
§ 135.061 Uniform Allowances

(a) The Director of Public Safety is authorized to issue purchase requisitions to the Commissioner of Purchases and Supplies, against any requirements or other contract for uniforms for employees in the classifications in the Safety Department for which a collective bargaining agreement establishes a uniform allowance, in the amount established in the applicable agreements.

(b) In addition, the Director of Public Safety is authorized to issue purchase requisitions to the Commissioner of Purchases and Supplies, against any requirements or other contract for an annual uniform allowance for those uniformed employees in supervisory positions not covered under a collective bargaining agreement. The uniform allowance shall be in the same amount as the amount established by the collective bargaining agreement determined by the Director to be most closely related to the supervisory position.

(Ord. No. 293-11. Passed 3-28-11, eff. 4-1-11)

§ 135.062 Police Promotional Uniform Allowances

The Director is hereby authorized to issue purchase requisitions to the Commissioner of Purchases and Supplies, against any requirements or other contract for uniforms, in the amount of two hundred and fifty dollars ($250.00) for any officer in the Division of Police upon promotion.

(Ord. No. 1667-83. Passed 6-19-84, eff. 6-22-84)

§ 135.063 Uniform Maintenance Allowance

(a) The Director of Public Safety is authorized to cause payment for a uniform maintenance allowance to employees in the classifications in the Safety Department for which the applicable collective bargaining agreement establishes a maintenance allowance, in the amount established in the agreements.

(b) In addition, the Director of Public Safety is authorized to cause payment for an annual uniform maintenance allowance for those uniformed employees in supervisory positions not covered under a collective bargaining agreement. The uniform allowance shall be in the same amount as the amount established by the collective bargaining agreement determined by the Director to be most closely related to the supervisory position.

(Ord. No. 293-11. Passed 3-28-11, eff. 4-1-11)

§ 135.064 Payment of Clothing Allowance
BIDDER'S CHECK LIST

The City of Cleveland requires that each bid submitted must comply with certain legal requirements to be considered a valid and formal bid. The check list below is provided to assist in avoiding rejection of your bid due to omission of required information or forms.

CHECK WHEN COMPLETED

A. Bid Schedule of Items
   1. Is (are) the bid page(s) completed as required and signed in the upper right-hand corner?
   2. Are all prices (Unit and extension) clearly and accurately presented?
   3. Is the payment discount given?

B. Bid Bond
   1. Is the bond made out in the names of and signed by both the principal and surety?
   2. Is the bond amount sufficient for the amount of the bid? Must be 5% of the amount of the bid.
   3. Is there a power of attorney attached to the bond?

C. Bid Check (if submitted in lieu of Bid Bond)
   1. Is the check in an amount sufficient for the amount of the bid? Must be 5% of the amount of the bid.
   2. Is the check either properly certified or a cashier's check?
   3. Is the Check made payable to: THE CITY OF CLEVELAND?

D. Bid Form (not to be confused with the Bid Bond)
   1. Is all the required information given?
   2. Is the form signed?

E. Affidavit
   1. Does the affidavit contain all the information required ON BOTH SIDES?
   2. Is it properly Signed? Is it properly notarized by a Notary Public?

F. Contract Compliance Certifications
   1. Did you read Item 13, the Equal Opportunity Clause, carefully, and understand it? If not, contact the
      Office of the Director of Equal Opportunity for further information (Phone 216/864-4152).
   2. Did you read Item 14, the OEO Notice to Bidders, carefully, and understand it? If not, contact the Office
      of the Director of Equal Opportunity for further information (Phone 216/864-4152).
   3. Did you complete OEO Schedules 1, 2, and 4 carefully and completely? Did you include signed
      Schedule 3's from all certified subcontractors?
   4. If you are a Cleveland Area Small Business, minority business enterprise, or female business enterprise,
      did you include a copy of your own certificate?

G. Bid Envelope
   1. Is the envelope identified with the correct title of the bid and the due date?
   2. Is the envelope securely sealed?

H. Performance Bond
   1. Will you be able to furnish the Performance Bond if one is required in paragraph A-5a of
      INSTRUCTIONS TO BIDDERS, in paragraph B-8 of General Conditions?
   2. Notice: A certified or cashier's check is not acceptable in lieu of a Performance Bond!

ITEM 3 -- PAGE 1
I. Federal Tax ID Form (W-9)
   1. Is all the required information given?
   2. Is the form signed?

J. Northern Ireland Fair Employment Practices Disclosure
   1. Is all the required information given?
   2. Is the form signed?

K. Please contact the Division of Purchases and Supplies at 216-654-2620 if you have additional questions on how to complete this bid form.
INSTRUCTIONS TO BIDDERS

A-1 INVIATION TO BID
Sealed bids endorsed as designated in the "Title of Bid" section of the bid sheet(s) will be received at the Office of the Commissioner of Purchases and Supplies, Room 128, Cleveland City Hall, Cleveland, Ohio 44114, until 12:00 o'clock noon, official time, on the date indicated in the "Bid Opening" section of Page 1 of the bid page(s) and thereafter will be publicly opened and read in Room 128.

A-2 FORM OF BID (BID FORM)
a. Every bid must be made upon the blank form of bid attached hereto.
b. Each bid must be clearly signed with the full name and address of every person, firm or corporation interested in such bid, followed by the date of such signing, in the space provided at the bottom of the bid form. If more than one person, firm or corporation has an interest in such bid, then the full name and address of each person, firm or corporation must be clearly signed on said bid. If the bidder is a partnership, the firm name and address, as well as the name and address of each individual partner must be given. If the bidder is a corporation, the name of the corporation, the name and title of the officer duly authorized to sign for the corporation, the business address of such officer and the name of the state in which the corporation is incorporated must be given.
c. The bidder shall insert the amount of the bid bond, certified check or cashier's check in the space provided in the bid form.
d. The bidder agrees to be bound by his bid from the time the bid is submitted until the earlier of the date stipulated by such bidder or the fourth regular meeting of the Board of Control after the bid submission date unless such time is extended by agreement between the bidder and the Board.

A-3 BIDDERS AFFIDAVIT
Each bidder shall submit with its bid an affidavit stating that neither it nor its agents, nor any other party for it has paid or agreed to pay, directly or indirectly, any person, firm or corporation any money or valuable consideration for assistance in procuring or attempting to procure the contract herein referred to, and further stating that no such money or reward will be hereafter paid. This affidavit must be on the form which is hereto attached.

A-4 BID BOND: CERTIFIED OR CASHIER'S CHECK
Each bid shall be accompanied by a bond signed by a surety company authorized to do business in Ohio, or by a cashier's check or certified check on a solvent bank, which bond or check shall be in the sum of five percent (5%) of the amount of the bid, except that with bids for purchase contracts not in excess of Fifty Thousand Dollars ($50,000). Said bond or check shall be given as security that if the bid is accepted a contract will be entered into and the performance of it properly secured.
A-5 DISPOSITION OF BID BOND, CERTIFIED OR CASHIER'S CHECK

a. When the bid is accepted, the bid bond, certified or cashier’s check will be returned after the contract has been signed and the performance bond, if required, has been submitted to, and approved by, the City.

b. If the successful bidder fails to enter into a contract, the bid bond, certified or cashier’s check shall be forfeited and the principal amount of the bid bond shall be paid to the City, or the check shall be surrendered to the City as the agreed amount of liquidated damages.

c. The bid bond, certified or cashier’s check of the next lowest and best bidder will be retained until the lowest and best bidder has signed and secured the performance of its contract. If such lowest and best bidder fails to do so, the security of the next lowest and best bidder shall continue to be retained until it properly secures the contract awarded it. If such next lowest and best bidder defaults, the principal amount of its bid bond, or check shall also be forfeited to the City as liquidated damages.

d. When a bid is rejected, the bid bond or check will be released or returned, respectively, to the bidder.

A-6 EXPLANATIONS WRITTEN OR ORAL

Any bidder finding a discrepancy or omission in the specifications or having any doubt as to their meaning, shall immediately notify the Commissioner of Purchases and Supplies, in writing. The Commissioner will respond by sending written notices or instructions to all bidders. The City will not be responsible for any oral instructions.

A-7 PRICE BIDS AND DISCOUNTS

a. Unit Prices
   In the Schedule of Items the bidder must give the unit price stated in figures of every item bid, in the space so provided.

b. Trade Discounts
   When the bidder offers a trade discount, the amount of such discount shall be stated on the Schedule of Items bid.

c. Catalog Pricing
   Where the bidder submits its quotation by filing its catalog price list and discount, such documents shall be part of the bid and must be separately signed by the same person and in the same manner as on the bid form.

A-8 BIDDER’S DESCRIPTION OF ITEMS

a. Each bidder, in its bid, describe completely the goods or services it proposes to furnish in response to and under the terms of the bid.

b. The Commissioner of Purchases and Supplies may require a bidder to furnish additional information and/or specifications concerning items to be purchased under the terms of the bid.

A-9 MANUFACTURER’S NAME

a. The use of a manufacturer’s or a trade name in the specifications is solely for the purpose of designating a standard of quality and type and for no other purpose.

b. Every bidder shall state in its Schedule of Items bid the manufacturer’s and the trade name, if any, of each item they propose to furnish.
A-10 SAMPLES
If the commissioner of Purchases and Supplies requests, a bidder shall provide samples of the items it proposes to furnish if awarded a contract pursuant to its bid.

A-11 TIME OF DELIVERY
Bidder must state in its bid the time, in calendar days, within which it will deliver the item(s) bid unless stated differently in the specifications.

A-12 PAYMENT DISCOUNT, WHEN USED TO DETERMINE LOWEST AND BEST BID
a. In determining the lowest and best bid, the City will consider all bids on a basis of the net price to be paid after deduction of the discount specified; except that if the terms of payment specified by the bidder require payment in less than thirty (30) days from the date of the invoice, the discount offered will not be deducted from the price stated in the bid to determine the lowest and best bidder, and the bid will be considered only on the basis of the unit price actually named in the bid. But if, notwithstanding the provisions of this paragraph, such bid is determined to be the lowest and best bid, the City reserves the right to accept the items named in the bid if such terms are to the advantage of the City as a basis for payment of invoices only, but not in any case as a basis for determining the lowest and best bidder.

b. The City will take a discount of two percent (2%) on payments made within thirty (30) days from receipt of articles, commodities, materials, supplies, equipment or services, unless the bidder indicates otherwise on the Schedule of Items bid.

PARAGRAPHS A-13 THROUGH A-16 APPLY ONLY IF THE "REQUIREMENT CONTRACT" BLOCK IS CHECKED ON PAGE 1 OF THE SCHEDULE OF ITEMS AND ON THE BID FORM.

A-13 REQUIREMENT CONTRACT DEFINED
a. A requirement contract is a contract under which the contractor has a duty to provide the City's requirements during the contract term for all articles, commodities, supplies, materials, equipment and/or services set forth in the bid and required by the City's authorized users of the items approved for contract.

b. A contract awarded under this bid will be termed a requirement contract.

A-14 PURCHASES UNDER A REQUIREMENT CONTRACT
a. Under a requirement contract, a contractor shall supply all the City's requirements during the term for the articles, commodities, supplies, materials, services or equipment set forth in the Invitation to Bid. See GENERAL CONDITIONS, Section B-24, Duration of Contract.

b. If the Schedule of Items in the Invitation to Bid is marked "requirement contract," then all quantities stated in the Schedule of Items are the City's good-faith estimates only. The City shall place each order under the
contract, whether singly or cumulatively more or less than the estimated quantities set forth in the Schedule of Items, by a Delivery Order against the contract and separately certified.

A-15 LIMITATION OF PERIOD OF CONTRACT
If the proposed duration of the contract would deprive the City of the best available market price, the bidder may offer an alternate bid as to duration of the contract, setting forth in the bid the longest period of time it can finish and deliver the proportionate amount of items at the firm price set forth in the bid. No other provision of the Invitation to Bid shall be subject to an alternate bid unless specifically requested.

A-16 BID DISCOUNTS - APPLICABLE TO BIDS FOR GOODS AND SERVICES
PURCHASE CONTRACTS AND PUBLIC IMPROVEMENT CONTRACTS IN EXCESS OF TEN THOUSAND DOLLARS ($90,000).

a. Bid Discounts under Sections 167.03 and 167.05. If the bid of any prime contractor that is a CSB, MBE, FBE or a CSB, MBE or FBE Joint Venture is no more than five percent (5%) higher than the lowest actual bid for a contract that is not from a CSB, MBE, FBE or a CSB, MBE or FBE Joint Venture, the contract department shall apply a Bid Discount of five percent (5%) to the CSB, MBE, FBE or CSB, MBE or FBE Joint Venture bid for the purpose of establishing a Comparison Bid. The City of Cleveland shall use the following ranking in determining who receives the preference:

1. Where the disparity study has determined that a disparity exists, the bid discount shall go to the bidders who are certified by the City as members of the specific MBE/FBE group for which the proven disparity exists. No other bidders shall receive any preference under Sections 167.03 and 167.05 at the prime contractor level.

2. Where no disparity has been proven, or when no bids are received from groups for which a proven disparity exists, the bid discount shall go to certified CSB bidders certified by the City as located within the city limits of Cleveland. No other bidders shall receive any preference under Sections 167.03 and 167.05 at the prime contractor level.

3. Where no disparity has been proven, or when no bids are received from groups for which a proven disparity exists, and no bids were received from certified CSB firms certified by the City as located within the city limits of Cleveland, the bid discount shall go to Certified CSB bidders certified by the City as located within Cuyahoga County. No other bidders shall receive any preference under Sections 167.03 and 167.05 at the prime contractor level.

4. In addition to any bid discounts at the prime contractor level, all prime contractors shall receive a bid discount of 5% of the total dollar amount of all CSB, MBE and/or FBE certified by the City that the prime contractor properly documents as subcontractors in their bid, for the purpose of establishing a Comparison Bid.

5. The total Bid Discount awarded to any bidder on a bid pursuant to Sections 167.03 and 167.05 shall not exceed $90,000.00.
b. Bid Discounts under Section 187A.02(a): Application of Bid Discount — a Contracting Department shall apply a Bid Discount of two percent (2%) to a bid received from a Local Producer (LPE); two percent (2%) to a bid received from a Local Food-Producer (LPE); and two percent (2%) to a bid received from a Local Sustainable Business (SUBE); provided that the maximum total Bid Discount applied under Section 187A.02 (a) shall not exceed four percent (4%). Bid Discounts applied under Section 187A.02 (a) shall be in addition to any Bid Discount applied under Sections 187.03 and 187.05. The maximum amount of any Bid Discounts applied under this Section 187A.02 (a) shall not exceed $50,000.

c. Maximum Cumulative Amount of All Bid Discounts:

The maximum cumulative amount of all Bid Discounts that may be applied to the bid under Sections 187.03, 187.05, and 187A.02 shall not exceed $75,000.00, or nine percent (9%), whichever is lower.

d. Comparison Bid to Determine Lowest and Best Bidder:

The City shall determine the Comparison Bid by totaling all applicable Bid Discounts under Sections 187.03, 187.05, and 187A.02. The City shall use the Comparison Bid in determining the lowest and best or lowest responsible bidder for the purposes of awarding the contract. If more than one CSB, MBE, FBE, LPE, SUBE or CSB, MBE, FBE, LPE, SUBE joint venture prime contractor in the respective category submits a bid that is no more than five percent (5%) higher than the lowest actual bid that is not from a CSB, MBE, FBE, LPE, SUBE or from a CSB, MBE, FBE, LPE, SUBE joint venture, the contracting department shall recommend the CSB, MBE, FBE, LPE, SUBE, or CSB, MBE, FBE, LPE, SUBE joint venture submitting the lowest bid, after the inclusion of all applicable prime and subcontractor discounts, as the lowest and best or lowest responsible bidder.

The City shall use the Comparison Bid amount determined by applying the bid discounts described in Articles A-16A, and A-16B, above for evaluation purposes only; the City shall use the actual bid amount for the purposes of bid approval and contract award.

e. City of Cleveland Certification required: For the purpose of determining a bidder’s eligibility for bid discounts, the City shall only consider bidders with valid certificates issued by the City of Cleveland’s Office of Equal Opportunity. The certifications must be active on the date and time of the deadline for bid submission. Expired certification holders and pending certifications cannot be considered for calculation of bid discounts. Certifications from other public or private entities cannot be considered.
A-17 Good Faith Participation - APPLICABLE TO BIDS FOR GOODS AND SERVICES PURCHASE CONTRACTS AND PUBLIC IMPROVEMENT CONTRACTS IN EXCESS OF FIFTY THOUSAND DOLLARS ($50,000).

Bidders are required to actively participate and demonstrate good faith in attempting to meet all OEO goals for this procurement. A good faith effort to meet certified CSB, MBE, and/or FBE subcontractor participation goals as established in this contract is of the essence of the contract.

Good faith participation shall include:

1. Active cooperation in meeting and documenting a serious effort to gain and maintain participation from certified businesses at or above the specific goals set for this procurement;
2. Achieving or exceeding the CSB/MBE/FBE goals set for this particular procurement and/or documenting the practical steps taken by the bidder in attempting to comply;
3. Active attendance and participation in all prebid meetings, Notice to Proceed meetings, and progress meetings during the contract;
4. Active compliance and cooperation with Project Monitors from OEO and/or the Department; and,
5. Timely and accurate submittals of all required forms, including, but not limited to, electronic monitoring forms, employment reports and certified payrolls if applicable.

The final determination of good faith effort shall be made by the Office of Equal Opportunity based upon each bidder's actions as documented in the required forms and as verified by OEO follow up.

A-18 Cleveland Area Business Code Notice to Bidders & Schedules - APPLICABLE TO BIDS FOR GOODS AND SERVICES PURCHASE CONTRACTS AND PUBLIC IMPROVEMENT CONTRACTS IN EXCESS OF FIFTY THOUSAND DOLLARS ($50,000).

Sections 187 and 187A of the Codified Ordinances of the City of Cleveland Ohio, the Cleveland Area Business Code, in its entirety, whether reproduced in whole or in part within these documents, as well as the Cleveland Area Business Code Notice to Bidders & Schedules included in this bid document, shall become part of any contract awarded pursuant to this Invitation to Bid. Compliance with Section 187 and 187A is of the essence of the contract.

A-19 SUBCONTRACTING:

a. Any and all proposed subcontractors, whether City certified or not, must be divulged and listed in the sealed-bid. Include all proposed subcontractors on OEO Schedule 2. A Schedule 3 is also required for each proposed subcontractor that is CSB, MBE, FBE, LPE, or SUBE certified. However, a Schedule 3 is not required for proposed subcontractors who are not City-certified as a CSB, MBE, FBE, LPE, or SUBE.
b. If OEO Schedule 2 is not included in the bid documents, you must submit a proposed subcontractor list on a separate, sealed sheet of paper, listing the name, address, type of work or materials, and total subcontractor amount for each and every subcontractor that you propose to use on the contract.

c. All proposed subcontractors listed in your bid must receive written Board of Control approval in advance. The subcontractors you propose in your sealed bid will be considered the subcontractors that you will use in the contract if awarded to you. See Article B-11 regarding the City's Sub-contractor Vetting and Substitution Policy and Procedure. The City reserves the right to approve or disapprove a proposed subcontractor.

d. The City maintains a list of Vendors ineligible to Contract or Subcontract with the City at the City of Cleveland website: http://www.city.cleveland.oh.us. It is each bidder's responsibility to propose only eligible contractors. The City cannot approve a subcontractor whose name appears in this listing.
**Request for Taxpayer Identification Number and Certification**

1. Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

2. Business name/disregarded entity name, if different from above.

3. Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.
   - [ ] Individual (sole proprietor or single-member LLC)
   - [ ] C Corporation
   - [ ] S Corporation
   - [ ] Partnership
   - [ ] Trust/estate
   - [ ] Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership)
   - Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

4. Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
   - Exempt payee code (if any)
   - Exemption from FATCA reporting code (if any)

5. Address (number, street, and apt. or suite no.) See instructions.

6. City, state, and ZIP code

7. List account number(s) here (optional)

---

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see **How to get a TIN**, later.

**Note:** If the account is in more than one name, see the instructions for line 1. Also see **What Name and Number To Give the Requester** for guidelines on whose number to enter.

---

**Part II Certification**

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

---

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to **www.irs.gov/FormW9**.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See what is backup withholding, later.
By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of certain partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See What is FATCA reporting, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partner's share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing his U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity or not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if he or she stays in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called “backup withholding.” Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments in settlement of payments and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see the instructions for Part II for details).
3. The IRS tells the requester that you furnished an incorrect TIN.
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See Exempt payee code, later, and the separate instructions for the Requester of Form W-9 for more information.

Also see Special rules for partnerships, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See Exemption from FATCA reporting code, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.
Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1
You must enter one of the following on this line; do not leave this line blank. The name must match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9, if you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. Individual. Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: TIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. Sole proprietor or single-member LLC. Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or “doing business as” (DBA) name on line 2.

c. Partnership, LLC that is not a single-member LLC, C corporation, or S corporation. Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. Other entities. Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(3)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, “Business name/disregarded entity name.” If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2
If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3
Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is

THEN check the box for...

- Corporation
- Corporation
- Individual
- Corporation
- Sole proprietorship, or
- Corporation
- Single-member limited liability company (LLC) owned by an
- Corporation
- individual and disregarded for U.S.
- Corporation
- federal tax purposes.
- Corporation
- LLC treated as a partnership for
- Corporation
- U.S. federal tax purposes,
- Corporation
- LLC that has filed Form 8832 or
- Corporation
- 2553 to be taxed as a corporation, or
- Corporation
- LLC that is disregarded as an
- Corporation
- entity separate from its owner but
- Corporation
- the owner is another LLC that is not disregarded for U.S. federal tax purposes.
- Corporation
- Partnership
- Corporation
- Trust/estate
- Corporation

Line 4, Exemptions
If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space in line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(6)
2—The United States or any of its agencies or instrumentalities
3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities
4—A foreign government or any of its political subdivisions, agencies, or instrumentalities
5—A corporation
6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or possession
7—A futures commission merchant registered with the Commodity Futures Trading Commission
8—A real estate investment trust
9—An entity registered at all times during the tax year under the Investment Company Act of 1940
10—A common trust fund operated by a bank under section 584(a)
11—A financial institution
12—A middleman known in the investment community as a nominee or custodian
13—A trust exempt from tax under section 664 or described in section 4947
The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . . THEN the payment is exempt for . . .

| Interest and dividend payments | All exempt payees except for 7 |
| Broker transactions | Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012. |
| Barter exchange transactions and barter payments | Exempt payees 1 through 4 |
| Payments over $800 required to be reported and direct sales over $5,000 | Generally, exempt payees 1 through 5 |
| Payments made in settlement of payment card or third party network transactions | Exempt payees 1 through 4 |

1 See Form 1099-MISC, Miscellaneous Income, and its Instructions.
2 However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(97)
B—The United States or any of its agencies or instrumentalities
C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities
D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)
E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)
F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state
G—A real estate investment trust
H—A regulated investment company as defined in section 651 or an entity registered at all times during the tax year under the Investment Company Act of 1940
I—A common trust fund as defined in section 584(a)
J—A bank as defined in section 581
K—A broker
L—A trust exempt from tax under section 664 or described in section 4947(a)(1)
M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5
Enter your address (number, street, and apartment or suite number). This is the where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6
Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see How to get a TIN below.

If you are a sole proprietor and have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See What Name and Number To Give the Requester, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for en ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

CAUTION: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see Exempt payee code, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.
1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. “Other payments” include payments made in the course of the requester’s trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

</tbody>
</table>

1 List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person’s number must be furnished.

2 Circle the minor’s name and furnish the minor’s SSN.

3 You must show your individual name and you may also enter your business or DBA name on the “business name/disregarded entity” name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

4 List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see Special rules for partnerships, earlier.

^Note: The grantor also must provide a Form W-9 to trustee of trust. Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:
- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/ TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.
The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3405, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.
STATE OF: ____________________ SS
COUNTY OF: ____________________

being first duly
sworn deposes and says:

Individual only: That he/she is an individual doing business under the name of ____________________, State of ______.

Partnership only: That he/she is the duly authorized representative of a partnership doing business under the name of ____________________, State of ______, in the City of ____________________.

Corporation only: That he/she is the duly authorized, qualified and acting ________ of ____________________, a corporation organized and existing under the laws of the State of ________ and that he/she said partnership or said corporation is filing herewith a bid to the City of Cleveland in conformity with the foregoing specifications;

Individual only: Affiant further says that the following is a complete and accurate list of the names and addresses of all persons interested in said proposed contract:

Affiant further says that he/she is represented by the following attorneys: ____________________, and is also represented by the following resident agents in the City of Cleveland: ____________________.

Partnership only: Affiant further says that the following is a complete and accurate list of the names and addresses of the members of said partnership:

Affiant further says that said partnership is represented by the following attorneys: ____________________, and is also represented by the following resident agents in the City of Cleveland: ____________________.
Corporation only: Affiant further says that the following is a complete and accurate list of the officers, directors and attorneys of said corporation:

Item 6
CITY OF CLEVELAND

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we

as Principal, and

a corporation duly authorized to do business in Ohio, as Surety, are held and firmly bound unto

THE CITY OF CLEVELAND

as Obligee, in the penal sum of

Dollars, lawful money of the United States of America, for the payment of which, well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

SIGNED, sealed and dated this ______ day of ____________, 20__.

WHEREAS, the said principal is herewith submitting bid for

______________________________

______________________________

Now, THEREFORE, the condition of the above obligation is such that if the said principal shall execute a contract and give bond for the faithful performance within ten (10) working days after being notified in writing of the award of such contract to the principal, or if the principal or surety shall pay the obligee the sum, not exceeding the penalty hereof, by which the amount of the contract, covering the said proposal, properly and lawfully executed by and between the obligee and some third party, may exceed the amount bid by principal, then this obligation shall be void; otherwise it shall remain in full force and effect.

CITY OF CLEVELAND

BID FORM

☐ STANDARD CONTRACT BID
☒ REQUIREMENT CONTRACT BID

TO: The Commissioner of Purchases and Supplies:

BID FOR 2019 Fire Uniform Clothing Contract

FOR: The Department of: Public Safety

The Undersigned proposes to furnish the above articles, commodities, materials, supplies, equipment or services ("items"), and to accept as full compensation therefor the price per unit multiplied by the number of units of such items purchased hereunder, (which units and prices therefor are set forth in the Schedule of Items hereto attached and made part of this bid) and subject to any discount set forth in this bid.

The Undersigned further proposes to execute the Contract Agreement and to furnish satisfactory performance bond within ten (10) working days, excluding Saturdays, Sundays and holidays, after notice of award of contract has been received.

The Undersigned further certifies that he (as the individual, firm or corporation making this bid) is not in arrears or default to the City of Cleveland upon any debt or contract, nor is a defaulter as surety or otherwise upon any obligation to said City, nor has failed to perform faithfully any previous contract with said City and that there is no suit or claim pending as to any such arrears or default.

The Undersigned deposits with the bid a Bid Bond to the City of Cleveland signed by a surety company authorized to do business in Ohio, in the sum of $ __________________________ or a cashier’s check or certified check on a solvent bank in the sum of $ __________________________ payable to the City of Cleveland, as security that if he be awarded the contract, he will enter into a written contract and secure the performance of the same by a bond as required of an approved surety company authorized to do business in Ohio and satisfactory to the Director of Law, in the sum equal to the percentage of the total price bid set forth in Part B – General Conditions and in conformity with the provisions of The Codified Ordinances of Cleveland, Ohio 1976.

The Undersigned further agrees that if the bid is accepted and contract awarded and he shall fail to execute said contract and furnish the satisfactory bond, as required, within the time above specified, then the City may, at its option, declare the contract abandoned and this bid null and void. Thereupon the penal sum of the Bid Bond shall become due to the City, or the certified or cashier’s check shall be forfeited to and become the property of the City as liquidated damages. Otherwise, the Bid Bond or the certified or cashier’s check, or the amount of such check shall be returned to the Undersigned.

THE UNDERSIGNED UNDERSTANDS THAT THE CITY RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS.

The firm, corporation, or individual name
MUST BE SIGNED IN SPACE INDICATED. Complete: CORPORATION OR FIRM
ERASES MAY INVALIDATE THIS BID.

ALL OF THIS ROUND INFORMATION MUST BE KEPT INTACT AND TOGETHER, WITH ANY ADDENDA ISSUED, MUST BE RETURNED WITH THE BID. OTHERWISE, THE BID MAY BE CONSIDERED INFORMAL

BIDDER SIGNATURE & Date ____________________________
GENERAL CONDITIONS

B-1 CONSIDERATION OF BIDS.
All bids received in conformity with the invitation to Bid shall be endorsed with the contract or advertisement name or number and name and address of the bidder. All bids, immediately after being read, shall be tabulated and summarized and shall become public record in the office of the Commissioner of Purchases and Supplies.

B-2 UNACCEPTABLE BIDS.
No bid will be accepted from, nor a contract awarded to, any person, firm or corporation that is in arrears or is in default to the City, upon any debt or contract, or is a defaulter as surety or otherwise upon any obligation to the City, or has failed to perform faithfully on any previous contract with the City of Cleveland.

B-3 REJECTION OR ACCEPTANCE OF BIDS.
The City through the Board of Control shall have the right to reject any or all bids, parts of such bid, and reserves the right to waive any informalities in the bid. In addition to bid price and discount, the City reserves the right to consider all elements entering into the question of determining the responsibility of the bidder. Any bid which is incomplete, conditional, obscure, contains additions not called for, or irregularities of any kind, may be cause for rejection of the bid.

B-4 EVIDENCE OF ABILITY TO FULFILL CONTRACT.
Bidders must present evidence to the Commissioner of Purchases and Supplies, when required by him to do so, to show they are fully competent and have the necessary source of supply, facilities and pecuniary resources to fulfill the conditions of the contract and specifications.

B-5 WITHDRAWAL OF BID.
No bid may be withdrawn after it has been deposited with the Commissioner of Purchases and Supplies.

B-6 TIME OF AWARD.
The Board of Control of the City of Cleveland shall make an award or reject all bids not later than the second regular meeting of said Board following the opening of bids, unless further time is required to analyze bids, to investigate responsibility of any bidder, or in the absence of a time limitation for acceptance set forth in the bid.
Any extension of time beyond the date fixed by the successful bidder or the fourth regular meeting of the Board of Control, whichever event shall occur first, shall be subject to agreement between said bidder and the Board.

B-7 AWARD CONTRACT.
No contract shall be awarded without the approval of the Board of Control, and then only to the lowest and best bidder.
B-8 PERFORMANCE BOND.
A. Contracts for the purchase of articles, supplies, commodities, materials, equipment or services shall be secured by a bond in the form and content prescribed by and acceptable to the Director of Law, with good and sufficient sureties and in an amount equal to at least twenty-five percent (25%) of the contract price on materials supplied and at least fifty percent (50%) of the contract price on services supplied. A check is not acceptable in place of a performance bond. A performance bond is not required for standard purchase and requirements contracts awarded in the amount of $500,000.00 or less, except that standard purchase and requirements contracts that are labor and materials contracts including, but not limited to painting, carpentry, plumbing, electrical, masonry, landscaping, snow plowing, fencing and trucking over $100,000 but not more than $250,000 shall require a bond of at least twenty-five percent of the contract price, and over $250,000 but not more than $500,000 shall require a bond of at least fifty percent of the contract price. The above policy notwithstanding, the City of Cleveland reserves the right to require a performance bond in various amounts or to modify the performance bond requirement whenever it is determined to be in the best interest of the City of Cleveland to do so.

B. No performance bond is required for any contract awarded pursuant to this Invitation to Bid in an amount of $500,000.00 or less. Any contract over $500,000.00 will require a Performance Bond for 25% of the contract amount.

B-9 RELEASE OF BOND.
Whenever a performance bond is required, the performance bond will not be released until all the provisions of the contract have been fulfilled.

B-10 CANCELLATION OF CONTRACT.
The City shall have the right to cancel this contract on five (5) days written notice if, in the opinion the Commissioner of Purchases and Supplies, the delivery of materials, supplies or equipment or the performance of work or services are not in accordance with contract specifications and the contractor fails to cure such deficiencies or comply with the contract specifications within ten (10) days after receipt of notice of default from the City, except where fulfillment of its obligation requires activity over a period of time and it has, within ten (10) days of the default notice commenced such activity. Additionally, the City shall have the right to cancel this contract, without cause, upon fifteen (15) days written notice upon the determination of the Board of Control of the City, expressed through its resolution, to do so.

B-11 SUBCONTRACTING OR ASSIGNMENT OF CONTRACT.
a. The contractor shall not subcontract, sublet, assign, transfer, convey or otherwise dispose of the contract, its duties, rights, title or interest in it or in any part thereof, or assign, by power of attorney or otherwise, any of the monies due or to become due under the contract, except, in each instance, with the prior written authorization of the Board of Control of the City, expressed through its resolution, and then only upon such terms and conditions as may be agreed to by said Board. No such subcontracting, subletting, assignment, transfer, conveyance or other disposal of the contract shall be valid until filed in the office of the Commissioner of Accounts.
b. Prior written Board of Control consent is required for a City contractor to add a subcontractor, or to substitute one subcontractor for another subcontractor, under a City contract.

c. The City assumes no obligation to pay, and will not pay, a contractor for any work and or services performed by a sub-contractor on the contract prior to Board of Control approval of that sub-contractor.

d. The Director will not grant any City contractor additional time to meet project deadlines, and will not authorize or pay additional compensation or delay damages of any kind arising from the contractor's inability to add or substitute a subcontractor because the contractor failed to submit the approval request and supporting documentation at least 3 (three) weeks in advance of the date the additional or substitute sub-contractor is needed.

e. The Office of Equal Opportunity shall evaluate each subcontractor addition and substitution for increased CSB, MBE, or FBE participation even if the original contract had no certified sub-contractor participation.

f. The City's Sub-contractor Addition and Substitution Policy and Procedure is hereby incorporated by reference in its entirety. The complete document is available online at the City of Cleveland website: http://www.city.cleveland.oh.us.

B-12 DELAY FOR CAUSES BEYOND CONTROL.
If the contractor is delayed in complying with the terms of the contract by strikes, lockouts, fire, unusual delay by common carriers, unavoidable casualties, or any cause beyond the contractor's control including orders, limitations or restrictions of any governmental agency having jurisdiction over the subject matter of the contract, or by delay authorized by the City, or for any cause by which the director shall decide to justify the delay, then for all such delays and suspensions, the contractor shall be allowed one calendar day extension beyond the time fixed for compliance with the terms of the contract for each and every calendar day of such delay so caused in the completion of the work, the same to be ascertained by the director.

B-13 PATENTS.
The Contractor shall be required to pay all royalties and license fees and shall hold and save the City and its officers, agents, servants and employees harmless from liability of any nature or kind, including cost and expenses, for or on account of any patented or unpatented invention, process, article, or appliance manufactured or used in the performance of the contract, including its use by the City of Cleveland unless otherwise specifically stipulated in the contract documents. In this respect the contractor shall defend all suits or claims for infringement of any patent or license rights.

B-14 DELIVERY.
The vendor shall adhere to all stipulated delivery terms (e.g., material/service delivery upon a pre-set schedule, upon orders being placed, etc.). All service performance/material deliveries should be made only if the City of Cleveland has issued a valid, open Purchase Order (PO) with a sufficient free balance to
cover the *full* costs of the service being performed or materials being delivered. The City will not pay vendors for goods or services that are either delivered to the City under an invalid or unauthorized PO or were ordered using an expired contract. The City is not responsible for, and will not pay for, goods or services delivered to the City that are not authorized under the PO and contract under which a sale was purportedly made. Therefore, the vendor *must not* perform any services nor deliver any materials without a valid, open PO that authorizes the services / materials and that carries a sufficient free balance to cover the services / materials.

Upon delivery, some form of delivery documentation must be left with the City of Cleveland Department. For service performed, some Proof of Service documentation must be given to a City employee. For materials delivered, some Proof of Delivery or Packing Slip must be given to a City employee. In all instances, the delivery documentation must be signed and dated by a City employee in order to substantiate the services provided or materials delivered were as indicated on the documentation. City employees are charged with performing this verification, so vendors should allow adequate time for this review to occur. Failure to provide some delivery documentation, which received a City signature and date upon delivery, may result in payment delays.

**B-15 LABORATORY TEST.**

The City of Cleveland reserves the right to test all materials, equipment or supplies delivered during the life of the contract, at an independent laboratory to be designated by the Commissioner of Purchases and Supplies of the City of Cleveland. Where the result of such test shows the materials, equipment or supplies are not equal to the specifications, then the expense of making such test shall be paid by the contractor.

**B-16 FAILURE TO MEET SPECIFICATIONS.**

The delivery of any material, supplies or equipment or the performance of any work or services under the contract which do not conform to contract specifications will be rejected and the contractor notified immediately in writing of such rejection and the reason therefore. If the time for performance has not expired, and the contractor wishes to remedy the deficient materials, supplies or equipment or performance, it may notify the Commissioner of Purchases and Supplies of its intention to cure and may within ten (10) days make a conforming delivery of performance unless such time is extended in writing by said Commissioner. If said contractor fails to replace such nonconforming materials, supplies or equipment or otherwise cure such deficient performance of work or services, the City of Cleveland will purchase such materials, supplies or equipment or obtain the performance of such work or services of the character required on the open market or in case of work and services, by performance by City employees. In such event, the contractor and his surety shall be liable to the City for any excess costs and expenses thereby incurred.

**B-17 SAFEGUARDS.**

Any equipment to be furnished by the terms of this bid, shall be provided with safety controls, guards, and housing meeting the requirements of the safety standards of the Industrial Commission and the Department of Industrial Relations of Ohio, and the cost shall be included as part of the bid.
B-18 STATE OR FEDERAL TAXES.

a. The City of Cleveland is exempt from all sales, excise and transportation taxes, except State of Ohio gasoline tax. The price or prices bid shall be exclusive of all such taxes and will be so construed.

b. The contract price is subject to increase by the amount of any additional tax imposed by the Federal Government or the State of Ohio subsequent to the receipt of bids. Such claim for increased prices must be presented to the City within thirty (30) days after such tax becomes effective and supported by evidence satisfactory to the Director of Law.

c. The contract price is subject to reduction by that amount by which an applicable tax is reduced during the period of the contract.

B-19 SOCIAL SECURITY ACT/EMPLOYEES BENEFIT PAYMENTS.
The contractor shall be and remain an independent contractor with respect to all services performed under said contract, and agrees to and accepts full and exclusive liability for the payment of any and all contributions or taxes for social security, unemployment insurance, old age retirement benefits, pensions, or annuities now or hereafter imposed under any state or federal law, which are measured by the terms of this contract and further agrees to obey all lawful rules and regulations and to meet all lawful requirements which are now or hereafter may be issued or promulgated under said respective laws by and duly authorized state or federal officials and said contractor also agrees to indemnify and save harmless the City of Cleveland from any such contributions or taxes or liability therefore.

B-20 FREIGHT ON DIRECT SHIPMENTS TO THE CITY.
The freight prices made in the bid are to be in accordance with lawful freight or cartage charges in existence at the time the bid is made, and contract prices shall be increased or decreased by changes in the freight or cartage rates, provided that claims for additional freight or cartage be presented to the City of Cleveland within thirty (30) days after said advance in freight or cartage rates becomes effective. Reductions in freight or cartage prices will be deducted from the contract price.

B-21 INVOICING AND PAYMENT.
The Contractor shall submit invoices that appropriately reflect the work performed. Original Invoices must be typed and legible. The City of Cleveland does not pay from duplicates or copies. Each invoice must be mailed as specified below:

- Original invoice to address as shown on Purchase Order under “BILL TO:”

- Optional: Copy of invoice to the City of Cleveland, Division of Accounts, 601 Lakeside Avenue, Cleveland, OH 44114, clearly marked “COPY”.

- Address invoice questions first to the ordering department. The Division of Accounts will assist if the Department is unable to resolve the question.
The failure to deliver copies of invoices to the indicated location may lead to delay in payment.

Invoices submitted by the Contractor for payment must include the following information:

- Contractor Name, as it appears on the Contract;
- Contractor Mailing Address;
- Contractor Telephone Number;
- Contractor Facsimile Number;
- Contract Number;
- Purchase Order (PO) Number under which the work being invoiced was authorized;
- Contractor Invoice Number, which must be a unique (non-recurring) number;
- Invoice Date, reflecting the date that the invoice itself was issued to;
- Timeframe that the invoice covers;
- A detailed itemization of labor and materials provided, including:
  - Date that work was performed / material delivered,
  - Location for each item of service performed / material delivered,
  - Line Item Number from the Contract's Schedule of Items (SOI) that is being invoiced,
  - Quantity of items being invoiced under each Line Item,
  - Unit Cost of each Line Item,
  - Extended Cost by each Line Item.
- delivery documentation (e.g., Proof of Service / Delivery slip, Packing Slip, etc.) with an acknowledgement signature and date from a City of Cleveland employee;

The City of Cleveland is not subject to sales tax per Section 5735.01 (B)(1) O.R.C. Therefore invoices must not charge sales tax. The City's Tax Exemption Number is 34-6009946. Tax Exemption Certificates are available upon request from the Division of Purchases and Supplies.

Any applicable discounts, as stipulated through the contract and/or PO, must be itemized and applied to the invoice. Any special instructions contained within the contract must also be followed.

If any invoice is erroneous or does not include the above required information, the City shall inform the supplier as to the reasons thereof and any corrective actions necessary to qualify the invoice for payment by the City. The vendor is responsible for providing the delivery documentation at the time of delivery and for submitting the invoice.

**B-22 EQUAL OPPORTUNITY.**

This contract is a contract, and contractor is a contractor within the meaning of Chapter 187 of the Codified Ordinances of Cleveland, Ohio 1976. During the term, the contractor shall comply with all terms, conditions and requirements imposed on "contractor" in the Equal Opportunity Clause, Section 187.22(b) of
the Codified Ordinances of Cleveland, Ohio 1976, attached herein and made a part hereof. A copy of such clause shall be made a part of every subcontract of agreement entered into for goods or services and shall be binding on all persons, firms and corporations with whom the contractor may deal.

PARAGRAPHS B-23 AND B-24 APPLY ONLY IF THE REQUIREMENT CONTRACT BID BLOCK IS MARKED ON BID PAGE 1 OF BID AND ON BID FORM.

B-23 DURATION OF CONTRACT.
The proposed contract shall be effective upon its execution and approval by the Director of Law of the City of Cleveland and, for the purpose of accepting delivery, shall continue in full force and effect for the period specified in the specifications and/or the Schedule of Items section of the bid, unless otherwise indicated.

B-24 REDUCTION IN PRICES.
The contractor agrees that if the price to the general trade is reduced while the contract is in effect, the City of Cleveland will receive the benefit of such reduction immediately. However, if the contract price is below the price to the general trade at the time the contract is awarded, the reduction provision will be effective only when the recognized price to the general trade reaches a level lower than the contract price or when the contractor reduces his own price to a level lower than the contract price.

B-25 EIGHT-HOUR DAY, MINIMUM WAGE, AND NON-DISCRIMINATION.
The Contractor agrees that it shall comply with the following provisions of the Charter of the City of Cleveland, which are, respectively, as follows:

Section 196. Except in case of extraordinary emergencies, no: to exceed eight (8) hours will constitute a day’s work and not to exceed forty eight (48) hours a week’s work, for any City employee of the City of Cleveland in the classified service thereof, and for any workmen engaged in public work carried on or aided by the municipality whether done by contract or otherwise. The Council shall by ordinance, provide for the enforcement of the provisions of this section.

Section 197. Every contract for public work entered into by the City of Cleveland shall contain, and no contract shall be entered into unless it contains the following stipulations:

The Contractor hereby agrees that all persons employed by him will be paid wages which are not less than are paid by the City of Cleveland for similar or like work; but if said City has not established a rate of wages for any particular class of work to be performed under the terms of this contract, then said employees shall be paid wages not less than are generally paid therefore by others employing union labor in said City.

The Contractor hereby further agrees that in the employment of labor, skilled or unskilled, under the Contract there will be no discrimination exercised against any citizen because of race, color, religion or national origin; and that any violation hereof shall be deemed a material breach of said contract.
B-25 LAWS, PERMITS, AND REGULATIONS

The contractor shall comply with all applicable laws of the Federal government, State, ordinances of the City or other municipality in which the work or services are being done and all applicable regulations and any authorized regulations, and shall be responsible for securing at his own expense any and all licenses, permits and certificates of inspection required by law or by the contract documents.

SERVICES, LABOR & MATERIALS – IF THIS CONTRACT IS FOR WORK, SERVICES, OR LABOR & MATERIALS, B-27, 28 AND B-29 APPLY

B-27 STATE INDUSTRIAL COMPENSATION FOR PURCHASE OF LABOR AND MATERIALS.

If this contract contains labor, whether in part or in all, the contractor shall, in all cases during the term of this contract, subscribe to and comply with the Worker's Compensation Laws of the State of Ohio and pay such premiums as may be required thereunder and to save said City harmless from any and all liability arising from said act. He shall also furnish at the time of delivery of this contract and such other times as may be requested, a copy of the official certificate or receipt showing the payments hereinbefore referred to. A copy of the official certificate or receipt showing the payments hereinbefore referred to, shall be submitted with the bid, or, if not included with the bid, shall be submitted with the signed contract. No work shall be commenced, or payments made, until the certificate or receipt is received by the City. The contractor shall maintain continuous coverage throughout the contract and shall notify the City in writing within 24 hours of receipt of notice of cancellation or reduction of coverage.

B-28 INDEMNITY

Contractor shall indemnify, defend, and hold harmless the City of Cleveland, Ohio, its officers, agents, and employees from all claims, demands, liabilities, loss, suits, causes of action, judgments, costs, and expenses, including attorneys' fees, arising, occurring, or allegedly arising or occurring from personal injury, including death, property damage, including loss of use, or otherwise, to any person or the property of any person, including third parties and employees of any party, as a result of negligent or intentional act or omission by Contractor or its agents, employees, subcontractors or suppliers, in performing work or services or furnishing labor and materials under this contract. This indemnification right is in addition to any other indemnification or contribution right of any indemnified party and shall survive completion of the work or services or furnishing of labor and materials.

B-29 WARRANTY

Contractor warrants, in addition to any other express or implied warranty required by law or the contract, that all work and services performed under this Agreement will be of good quality, free from faults and defects, conform to the contract documents, performed in a workmanlike manner according to good usage and
accepted practice, resulting in a merchantable product, and fit and suitable for their intended purpose, and that materials supplied will be of good quality and free from all defects, latent or patent.

B-30 OHIO CAMPAIGN FINANCE LAW

Pursuant to the Ohio Revised Code, as referenced below, the following language is hereby made a part of this document:

"Contractor hereby certifies that beginning on the date the contract is awarded and extending until one year following conclusion of the contract, all persons identified in Ohio Revised Code Sections 3517.13(J)(3) and 3517.13(J)(3), as applicable, are in compliance with Ohio Revised Code Sections 3517.13(J)(1) and 3517.13(J)(1)."

By submitting a signed sealed bid, those persons signing the document are affirming their compliance with the referenced sections of the Ohio Revised Code, herein incorporated into any contract created pursuant to this invitation to Bid in its entirety.

B-31 TITLE 48 C.F.R. ETC:

Certification Re: Federal Debarment, Suspension, Ineligibility or Voluntary Exclusion: Title 48 Code of Federal Regulations, Part 9, and other regulations, preclude the City from participating in a covered transaction, as defined in subpart 9.4, with any agency, corporation, partnership, or other legal entity that has been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by the Federal Government from participating in transactions involving Federal funds. By signing and submitting this document, the bidder certifies to City that it, its principals, any subcontractors, and subcontractor principals:

1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;
2) Have not within the three-year period immediately preceding the submission date of this document been convicted of or had a civil judgment rendered against them personally or the company for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or Local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
3) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; or,
4) Have not within the three-year period immediately preceding submission date of this document had one or more public transactions (Federal, State or local) terminated for cause or default.
If the bidder is unable to certify to any of these statements in this certification, such prospective participant must attach a written explanation to this bid. Failure or inability to certify to any of these statements may be cause for rejection of the bid.

The Federal Debarred Listing is available at http://www.epis.gov/

By submitting a signed sealed bid, those persons signing the document are affirming their compliance with the referenced sections of the Code of Federal Regulations, herein incorporated into any contract created pursuant to this invitation to bid in its entirety.
Section C- Supplemental
2019 - Specification/ Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

C-1: **SCOPE:** The City of Cleveland, Department of Public Safety, Division of Fire (CDF) is seeking to enter into an agreement with a single responsive and responsible BIDDER, qualified to provide all services necessary for a multi-year agreement. We are seeking a Web Based Uniform Purchasing Program for Fire uniforms and accessory items, delivered as required per the terms, conditions and specifications in this Invitation to Bid, in a timely and cost effective manner. The Division of Fire is requesting BIDDERS to submit sealed bids for the 2019 Uniform Clothing, Equipment and Supplies Allowance for the Division of Fire, for a requirement contract as authorized under Section 135.06. The specifications herein outline the detailed requirements for the style and quality of clothing and accessories intended for use by members of the Cleveland Division of Fire.

C-2: **PRE-BID CONFERENCE:** There will be a non-mandatory PRE-BID MEETING with the Cleveland Division of Fire per the bid posting.

C-2 A. **Written Questions:** The cutoff date for all written questions is 5 business days prior to Bid opening. No verbal questions will be considered. Submit all questions to the Buyer April Locker: a.locker@city.cleveland.oh.us & purchasing@city.cleveland.oh.us.

C-2 B. **Bid Opening Date:** Sealed Bids must be received in the Division of Purchases and Supplies on, or before, 11:59 am as published on the first page of the Bid Schedule of Items page herein. Bid may be mailed to: 601 Lakeside Avenue, City Hall Division of Purchases and Supplies, Room 128, Cleveland, Ohio 44114. Late bid submissions will not be accepted.

C-3: **DURATION OF CONTRACT:** The contract, if any, shall be awarded to the lowest and best BIDDER for a period of one year, beginning with the date of execution of the contract, with two (2) one-year options to renew, exercisable by the Director of Public Safety.

By responding to this Invitation to Bid, the BIDDER agrees to abide by this policy and the contract pricing shall remain firm and fixed for each optional year as well.

C-4: **CATALOG/MANUFACTURER REFERENCE:** The purpose of referencing a particular manufacturer’s catalog, or model number, is made for descriptive purposes to guide the potential BIDDER in interpreting the requirements of the City. They should not be construed as excluding bid responses on other types of garments, materials, equipment, and supplies that meet or exceed the same purpose and quality standards as stated in the specifications.

BIDDER must list any alternate items and provide samples for approval by the City of Cleveland Division of Fire.

BIDDER may bid an approved equal or better manufacturer or model but must list the items and provide samples, with the sealed bid, for approval by the City of Cleveland Division of Fire.
Section C- Supplemental
2019 - Specification/ Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

C-5: **SAMPLE REQUIREMENTS:** Samples are mandatory for all items offered as alternates. Samples must be marked with the identification requirements below, must accompany the sealed bid submission to the Division of Purchases and Supplies, 601 Lakeside Avenue, Room 128, Cleveland, Ohio 44114. Otherwise the bid will be rejected and considered non-responsive.

1. BIDDER name and address
2. Invitation to Bid File Number
3. Bid-Schedule item number
4. Detailed exceptions to the specifications
5. Name of manufacturer with any model number and/or catalog designation

Samples may be returned if requested by Bidder after evaluated, unless consumed in testing without any additional cost to the City.

C-6: **APPROVED EQUALS:** BIDDERs must be aware the sample Fire Uniform items may be worn to perform suitability testing prior to acceptance of an alternate item. The City reserves the right to select and retest any item. This includes, but is not limited to, comparison of material, color and construction. A list of comparative Fire Departments that purchase the specific item requested for “approved equal” may be requested for consideration by the Cleveland Division of Fire. A simple claim that an alternate is equal to the specified item is not sufficient. The term equal also includes a comparable size range with the specified item/s and confirmation that the manufacturer will produce special sizes in addition to their regular production. If bidding an alternate item the BIDDER must submit a sample with the following identification:

1. BIDDER name and address
2. Bid-Schedule item number
3. Detailed exceptions to the specifications
4. Name of manufacturer with any model number and/or catalog designation

Approved equal substitute items must accompany the sealed bid submission submitted to the Division of Purchases and Supplies, 601 Lakeside Avenue, Room 128, Cleveland, Ohio 44114. If not submitted per these instructions the bid will be rejected and considered non-responsive.

C-7: **ALTERNATE or APPROVED EQUAL ITEMS FOR BID SUBMISSIONS:** BIDDER must submit a separate Bid Schedule of Items page listing the Item # of all items being replaced and referencing “Alternate”.

C-8: **QUALITY ASSURANCE:** BIDDER warrants:

1. The goods to be supplied pursuant to an agreement, which results from this proposal, are new, fit and sufficient for the purpose intended.
2. The goods are merchantable, of first line quality and free from defects, whether patent or latent, in material or workmanship
3. The goods sold to the City pursuant to an agreement, which may result from this proposal, conform to the specifications.
Section C- Supplemental

2019 - Specification/Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

C-9: **GUARANTEE:** All garments and parts are to be fully guaranteed to be free of any material or manufacture defect for a minimum of one year. If the product is guaranteed by the manufacturer, BIDDER must include a copy of the guarantee in the bid proposal.

C-10: **INSPECTION/REJECTION:** The Division of Fire reserves the right to reject and return to the awarded BIDDER any garment or item which is not made in accordance with the specifications of this document. While these specifications are not to be construed as requiring individually custom-tailored garments, or parts, unless so stated, final fit must be satisfactory and acceptable to the City of Cleveland Chief of Fire. Each uniform item shall be subject to inspection after completion by an inspector designated by the Director of Public Safety. It shall be the duty of said inspector to require the successful BIDDER to comply with these specifications in full.

C-11: **QUALIFICATION OF BIDDER:** BIDDER shall proof of capabilities to provide dedicated excellent customer services support, quality, with a reliable Web Based Uniform Purchasing Program with a high level of performance while maintaining cost efficiencies, and must have satisfactorily performed similar services or similar scope of services. Reference checks may be performed as a method of verifying prior performance. Other verification methods may be utilized. BIDDER must be completely knowledgeable in all aspects of work required for services listed in this Invitation to Bid.

C-12: **WEB BASED UNIFORM PURCHASING PROGRAM:** Failure to meet the requirements may result in removing your proposal from consideration. BIDDER should possess the following qualifications including, but not limited to:

A. CDF requires a computerized program by which a Vendor, experienced in the supply of uniforms, will operate a web based uniform purchase program. The selected BIDDER shall be responsible for all aspects of providing a successful program to include, but not limited to, the following:

1) Receive, process and on-site delivery of individual orders;
2) Perform on-site alterations and repairs to uniform items;
3) Provide embroidery, screen printing and heat pressing services;
4) Maintain computerized transaction records by individual customer to include credit balance tracking based on the limit each employee’s account to an amount determined by the Cleveland Division of Fire. Any expenditure over the predetermined amount will be the responsibility of the employee
5) Assume responsibility for loss and damage of all items from time of shipment to customer receipt. Receipt is defined as when such items become the property of the Customer.
6) Utilizing a computerized inventory system, the selected BIDDER shall also be responsible for tracking the following:
   a) All items issued;
   b) All items returned;
   c) Verification of order date/time;
   d) Shipping date/time, signature of employee upon receipt of item;
Section C- Supplemental
2019 - Specification/ Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

e) Workflow approvals set-up, with tracking capabilities for open delivery order balances.
f) All repairs and alterations performed for each employee

B. Vendor shall exercise reasonable security precautions to prevent theft by unauthorized person(s) taking such uniforms.

C-13: **ONLINE ORDERING SYSTEM REQUIREMENT:** BIDDERs must provide website links, or screen shot samples in sealed bid submission of their customized and secure online ordering system for the uniform program which meets the following requirements:

1) The online ordering system must include photos of products; along with a detailed description of each item and include firm fixed bid pricing.
2) The uniform program and offerings shall be determined by the final specifications contained in the contract.
3) Product offerings for the uniform program are defined, and are assigned to respective employee groups when a uniform system is established on the system.
4) System shall be accessible by employees through unique user names and password assignment.
5) System shall be mobile friendly for ease of remote ordering and shall be compatible with all smart phones.
6) System shall provide an employee based management and tracking section, with workflow approval.
7) System must allow for delivery location options, based on employee preference, to include, place of employment or to BIDDER’s place of business for alterations or embellishment.
8) Systems shall provide for the Cleveland Division of Fire to designate uniform Administrator(s) to the system.
9) System shall allow for the ability of bulk uniform orders to be placed by the Cleveland Division of Fire designated Administrator to be distributed to individual employees as needed.
10) Online pricing capability with firm fixed pricing, for the duration of the contract period, provide quotes prior to release of online orders.
11) Workflow approvals.

C-14: **PRICING:** Pricing shall include freight costs and be in US dollars. Prices shall be firm for the first year of the agreement; thereafter all requests for adjustments must be made to coincide with the anniversary/renewal date of the agreement. Adjustments to the price are based on the latest Consumer Price Index; US Bureau of Labor Statistics; All Urban Consumers; US City Average; that occurred between the newest CPI Index publication compared with previous year at the same time. Adjustments may be up or down, but increases in excess of 5% per item shall not be considered without substantial documentation to support the request, including but not limited to the manufacturer’s price certification. All price increases are subject to approval by the Commissioner of Purchases and Supplies, or representative, and are made in the best
Section C- Supplemental
2019 - Specification/ Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

interest of the Cleveland Division of Fire. In the event that a requested increase is determined to be unacceptable, CDF reserves the right to cancel the agreement.

C-15: INVOICING AND REPORTING: The successful Vendor must have invoicing capability, but not limited, to the following:

A. Invoices must be detailed with the following information on a monthly basis:
   1. Authorized Delivery Order Number
   2. Employee Name and Payroll Number
   3. Items received by the employee
   4. Item description and quantity received
   5. Date item was received
   6. Amount of allotment used by the employee
   7. Amount of allotment due to employee

B. For Bulk Orders, the invoice must include a detailed itemization, per item, complete with descriptions and quantities ordered.

C. Sample of invoices and reports must be included with sealed bid submission.

D. CDF reserves the right to modify billing procedures at any time during the term of this Agreement and BIDDER shall comply with the requested modifications, as necessary.

C-16: LOCATION/HOURS OF BUSINESS: Each BIDDER must submit the hours of storefront business with a minimum operation of 7 ½ hours per day, Monday through Friday, excluding holidays, during regular business hours. The location for alterations and measurements shall be under the control of the BIDDER but must have an adequate number of competently trained full-time personnel, with necessary equipment and stock, to manage the contract. Under no circumstances shall any location for alterations and/or measurements be located outside the City of Cleveland limits. Such location and hours of business are subject to the approval of the Fire Chief of the Division and Director of Public Safety and may become a factor for final award.

Any BIDDER not located within the City of Cleveland, at the time of the bid, must submit a letter of intent to establish a physical location, within the City of Cleveland, within six (6) months of being awarded the contract. The location shall be fully equipped and stocked per the terms of this Invitation to Bid.

C-17: NEW HIRES DURING TERM OF CONTRACT: The BIDDER will have qualified persons available, at mutually agreed upon times, to measure new recruits at the Fire Training Academy, 3101 Lakeside Avenue, Cleveland, Ohio 44114 in accordance with all other terms and conditions of the contract.
Section C- Supplemental
2019 - Specification/ Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

C-18: **EVIDENCE OF ABILITY TO DO WORK:** BIDDER must present evidence to the Commissioner of Purchases and Supplies and to the Director of Public Safety, upon request that BIDDER is fully competent and has the necessary facilities and financial resources to fulfill the conditions of the contract. Vendor must demonstrate ability to meet specifications, including sufficient inventory on hand, to indicate a capacity to perform under the contract in a timely fashion. The City of Cleveland may inspect the premises and facilities of any BIDDER, and require samples of workmanship to determine whether such BIDDER is qualified and equipped to make the uniforms specified in this bid.

Minimum requirements consist of, but are not limited to:

1. Having sufficient staff to measure, fit and process Fire personnel within twenty (20) minutes after arrival at the facility, except during first 4 weeks of onset of contract. **(NOTE: THE BIDDER IS RESPONSIBLE FOR ACCURATELY SIZING ALL PERSONNEL IN ITEMS OF CLOTHING).**

2. Possessing sufficient on-site equipment and personnel to properly and expeditiously measure and size personnel; provide alterations, and auxiliary services, for item when such operations are applicable. Alterations shall be made at no additional cost before or after uniform item has been worn. Some changes and alterations may be necessary due to faulty workmanship, latent defects, or improper sizing which can be determined only after wear. CFD members shall not be required to pick up and deliver their uniform parts to another location for alterations.

3. Provide approved separate dressing rooms for fittings for both sexes, when applicable.

4. Having necessary staff and equipment to receive CFD data and provide vendor reports in electronic format only.

5. Permitting the Chief of Fire, or designated personnel, to visit and inspect the contractor's facility as part of the bid evaluation.

C-19: **TIME REQUIRED FOR DELIVERY:** BIDDER must state, in their sealed bid submission, time that will be required for initial delivery of each item specified after the contract has been awarded and the signed Master Agreement (s) are fully executed by the Commissioner of Purchases and Supplies. Any extended delay that is primarily attributed to the BIDDER, may result in removal from future bidding lists and/or forfeiture of the performance bond.

C-20: **METHOD OF AWARD/SINGLE VENDOR:** The City is seeking one vendor to furnish the items on this bid. Your bid will only be considered if you bid on all items. The City of Cleveland shall not make separate or split awards of each of these items. The award of items will be made to the lowest and best BIDDER meeting the specified requirements on the calculated lowest composite bid.

C-21: **LOWEST AND BEST BIDDER:** The lowest and best BIDDER will be determined by all the preceding general requirements listed herein and by calculating the composited bid prices.
Section C- Supplemental
2019 - Specification/ Description of Products and/or Services – Department of Public Safety, Division of Fire, Uniform Clothing, Equipment and Supplies

C-22: **CONTRACT PRICE PROVIDED FOR OFFICERS AND EMPLOYEES:** Vendor shall be required to provide officers, and employees of the Cleveland Division of Fire entitled to an annual clothing allowance, all items as price in the awarded master agreement. These prices shall also be in effect should Cleveland Division of Fire submit a bulk Delivery Order for special purposes.

C-23: **NO VARIANCE IN BID PRICE:** On any individual item, there shall not be any variance in the bid because of size difference or gender for which the clothing is intended.

C-24: **DISCONTINUED CLOTHING ITEMS:** If clothing items are discontinued/phased out during the course of the contract, CDF Storeroom shall be notified in writing immediately. At that time, CDF Storeroom will discuss and determine an approved equal replacement/adjustment for the same dollar amount. **Any substitute without prior approval will not be accepted.**

C-25: **MANNER OF PAYMENT TO SUCCESSFUL BIDDERS:** Payment for awarded items shall only be made after receipt of the item(s); and shall be made from billing statements from the BIDDER in a monthly invoice. For purposes of clarification the term “delivery for customized items”: a delivery will be considered to be made to the City of Cleveland upon receipt of the item(s); once it is either being altered to fit a particular person or altered in such a way as to make it suitable only for use with the City of Cleveland. Signature of receiving person is required. Examples include but are not limited to; a dress blouse that has emblems sewn on, a pair of trousers that are measured and marked for alteration, or an item that has been silk-screened.

C-26: **BIDDERS, VENDORS, & MANUFACTURERS:** Are NOT permitted to take advantage of any errors or omission in these specifications since full instruction will be given upon request.
Section D – TECHNICAL SPECIFICATIONS
2019 UNIFORM CLOTHING SPECIFICATIONS
CLEVELAND DIVISION OF FIRE

**Prior to delivery samples will be required for all alternate bid items.**

ITEM # 1
FATIGUE WAIST LENGTH JACKET – Navy Blue
Blauer item: 9845Z with stand-alone fleece liner

NOTE: **No substitution allowed on this item, the Division of fire has conducted a wear test on garments from different manufacturers and this is the garment recommended by the Clothing Committee from the wear test.**

EMBLEM (FIREMEDIC): A regulation FIREMEDIC emblem shall be provided by the Cleveland Fire Department for each jacket ordered by a registered FIREMEDIC. Emblem is to be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulder seam.

EMBLEM (PARAMEDIC): A regulation Paramedic emblem shall be provided by the Cleveland Fire Department for each jacket ordered by a registered PARAMEDIC. Emblem is to be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulder seam.

NOTE: Exceptional sizes – a small percentage of the members of the department cannot be fitted in the standard readymade sizes, successful bidder shall be responsible for fitting these members, at no additional charge to the member.

**Sample: Bidder must submit, with their bid, samples of the Fatigue Jacket they propose to furnish under the terms of the bid to the Cleveland Fire Department Storeroom, 1645 Superior Ave., Cleveland, Ohio 44114.**

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM #2
MEN’S FATIGUE TROUSERS – Firewear Navy Blue Trousers
Flying Cross by Fechheimer item: 64200

NOTE: **No substitution allowed on this item, the Division of Fire has conducted a wear test on garments from different manufacturers and this is the garment recommended by the Clothing Committee from this wear test.**

NOTE: Exceptional sizes – a small percentage of the members of the department cannot be fitted in the standard readymade sizes, successful bidder shall be responsible for fitting these members, at no additional charge to the member.

ITEM #4
FATIGUE SHIRTS – Firewear Long Sleeve Shirt-Navy Blue
Flying Cross by Fechheimer item: Men’s 6020, and women’s comparable

NOTE: **No substitution allowed on this item, the Division of Fire has conducted a wear test on garments from different manufacturers and this is the garment recommended by the Clothing Committee from this wear test.

EMBLEM (FIREMEDIC): A regulation and approved FIREMEDIC emblem (Item #58 of this spec) to be sewn on the left sleeve ¼” below the shoulder seam and centered in line of the shoulder seam. This is for all members with Fire medic Designation.

NAME: Embroidered first Initial and Last name of person who ordered shirt on right chest above pocket. Insignia is to be embroidered ¼” above the right pocket and centered on the pocket flap.
EMBLEM (PARAMEDIC): A regulation and approved PARAMEDIC emblem (Item #59) shall be provided be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulder seam. This is for all members with a Paramedic designation.

Rank Insignias: Swiss Embroidered: Cleveland Fire Department regulation lstyle, colorfast 5/8” x 2 7/8” rectangular Navy blue twill weave background with gold lettering and trim. Must be equal in quality (material, workmanship and color) to previous rank insignia and shall be of identical design. Insignia must be certified washable and dry cleanable and by nationally recognized institute. Rank shall read as follows for the various ranks: CHIEF, ASSISTANT CHIEF, BATTALION CHIEF, CAPTAIN, and LIEUTENANT. Insignia is to be sewn ¾” above the left pocket and centered on the pocket flap.

American Flag Patch on shoulder

- Per Army Regulation 670-1. When worn on the right sleeve, it is considered proper to reverse the design so that the union (starts) is at the observer’s right to suggest that the flag is flying in the breeze as the wearer moves forward.

- The U.S. flag insignia (full color) is 2” X 3” in size and is worn on the right shoulder

Sample: Bidder must submit, with their bid, samples of the Stationwear Shirt they propose to furnish under the terms of the bid to the Cleveland Fire Department Storeroom, 1645 Superior Ave., Cleveland, Ohio 44114.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM #6
FATIGUE TROUSERS (100% Cotton Trousers) – Navy Blue
Blauer
Style: 8250

General Description: A highly engineered trouser designed to maximize the appearance and wear life potential of a precisely dark navy fabric of proven long-term reliability. The Cotton Trousers is designed to assure absolute consistency of seams, fabric and color appearance. The cotton trouser shall meet the Station wear requirements of NFPA 1975.

Sizing: The Cotton Trouser is fully graded such that all vital dimensions change according to waist size. The grade applies not only to seat, front rise, back rise, and thigh measurements but trousers shall be manufactured and stocked in two (2) separate rises each with their own grade designed to fit regular and long torsos.

Size Range: Men’s Sizes: Regular Length: even waist sizes 28 – 54; odd sizes 31 – 37
Women’s Sizes: Regular Length: even dress sizes 6 – 24
Shell Fabric: The Cotton Trouser shall be manufactured with the following fabric:
8-12 oz 100% Cotton with exclusive “No Fade” dye technology for superior color fastness to washing.
Machine washable and dry clean.

Colors: Dark Navy matching 24 Hour Station Wear Shirts

Tailored Waistband: The inside waistband is assembled from internal construction fabric to finish 2 ½” wide with ¾” extension, and is reinforced internally with a 1” wide, 100% polyester stiffener. The outside waistband is a full 1” wide. After assembly the waistband is Ro-Cap set to the trouser. The entire circumference of the waistband is permanently hot melt bonded with two (2) continuous 1/8” beads of silicone “slip-not” rubber, color red. The beads are spaced ⅛” apart and located respectively ½” and ¾” down from the top of the waistband to enhance neat appearance by preventing shirt pull-out at the waist. Grown on waistlines are not acceptable in lieu of trousers waistband as they add no strength or shape to the garment. Waistbands which do not allow extra fabric cannot be “let out” by alteration and are unacceptable.

Belt Loops: There are seven (7) belt loops on all size trousers up to and including waist size 42” and nine (9) loops on all size trousers 44” and up on waist 5/8” wide, double needle stitched. They shall be set into the waistband at the top and bar tack closed at the bottom, except the rear center loop which shall be bar tack set top and bottom.

Darts: There are two darts to shape the trouser. They shall be placed at the left and right back extending down from the waistband to the center of each hip pocket.

Waist Closure: Primary waist closure is a hook and eye construction mounted on the waistband using rustproof nickel plated steel hardware as follows: Size 85 Eye and Eye internal reinforcement plate. Size 8 Hook and Hook internal reinforcement plate. Metal snaps which may become burred or crushed and cannot be replaced are unacceptable.

In addition to Hook and Eye plates, the construction included the additional internal reinforcement of 7/8” tape mounted between the plates and the body fabric to insure construction integrity for extended wear life.

Waist Closure appearance is further guaranteed by mounting a #33 linge black four-hole button/buttonhole closure 1” below the waistband on the left and right fly construction.

Fly Construction: The right inside fly in reinforced with internal construction fabric and is 1/8” gauge top stitched along the entire exposed edge to insure shape retention for extended wear life. The left, outside fly is fully lined internally for shape and retention. Right and left fly are joined together at the base of the fly. The joined flies form a reinforcing tailpiece construction fully extending along the crotch seam to its intersection with leg inseams.

Crotch and Seat Assembly Method: The crotch is formed below the fly at the intersection of the four body panels of the trouser: left front, right front, left rear and right rear. The trouser is assembled to form this crotch by first sewing the left front to the left rear thus making the left side of the trouser; and the right front to the right rear to form the right side. The left side of the trouser thus formed is then jointed together to the
right side by means of the seat seam. The trouser is not assembled by the alternate whole front to whole back method due to the unreliability of that method during extended wear life.

Seat Construction: To insure absolute seat seam integrity, the seat seam, which joins the left and right sides of the trousers, is doubled sewn by means of two needles each sewing stitch type 401, double locked stitch. The two needles sew in tandem to form closely adjacent alternating stitches totaling not less than 16 per inch. Seams which expose the thread to external abrasion are unacceptable. Extra fabric is allowed such that seat girth and waistband diameter may be expanded or decreased by the wearer during the trousers during the trousers' extended wear life. Flat felled seams do not allow for alterations and are unacceptable.

Crotch reinforcement: The crotch intersection, which is the core of the trouser, shall be reinforced to absorb extreme stress over an extended wear life by the internal mounting of a reinforcement gusset formed by an extension of the tail of the fly. The gusset is mounted around its perimeter by stitch 301 such that it locks together the four panels of the trouser to absolutely eliminate any potential for crotch seam failure.

Leg Construction: The legs are fully cut for ease of movement and assembled using stitch 515, four thread safety stitch. Left and right outseams shall be further reinforced by means of additional row of type 301 stitching sewn through and through each assembled outseam along their entire length. Additionally, this “topstitching” technique shall enhance the exterior tailored appearance of the trouser. Outseams which are not reinforced with topstitching will not withstand the rigors of firefighting and are unacceptable.

Pockets: There are four (4) pockets assembled from internal construction fabric as follows:

Front: Left and right bi-swing type pockets with 6¾” quarter top opening and fully 11 ¾” depth. Opening to be bar tacked reinforced at to inside waistband and at bottom across side seam. Construction includes a second reinforcing layer or “heel” at the bottom of each pocket not less than 2” deep. Pockets, including reinforcement “heels” are assembled, then turned and restitched by stitch 301 for absolute reliability for the life of the trouser.

Finishing and Testing: Trousers are fully shaped on high temperature, high pressure presses to eliminate wrinkles and form creases. Trousers shall meet the standards of the American Association of Textile Chemist and Colorists as follows:

Workmanship and Quality Control: All trousers are made in a craftsman like manner and are inspected during manufacturing, at the final trimming and packing to insure consistent quality and adherence to this specification.

Warranty: All trousers shall be warranted against defects in materials and workmanship for one (1) year.

NOTE: Exceptional sizes – a small percentage of the members of the department cannot be fitted in the standard readymade sizes, successful bidder shall be responsible for fitting these members, at no additional charge to the member.
Sample: Bidder must submit, with their bid, samples of the Fatigue Trousers they propose to furnish under the terms of the bid to the Cleveland fire Department Storeroom, 1645 Superior Ave., Cleveland, Ohio 44114.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM #7
FATIGUE SHIRTS – Station Wear Cotton Shirt – Navy Blue

Men’s Long Sleeve:

Blauer
Style: 8255

General Description: A highly engineered shirt designed to maximize the appearance and wear life potential of a precisely dark navy fabric of proven long-term reliability. The Cotton Long Sleeve Shirt is designed to assure absolute consistency of seams, fabric and color appearance. The cotton trouser shall meet the Stationwear requirements of NFPA 1975.

Sizing: The Stationwear shirt is fully graded such that all vital dimensions change according to chest size. The grade for long sleeves includes three (3) lengths – short, medium, and long to properly fit all wearers. Available in Ladies sizes on made to order basis.

Color: Dark Navy

Front: The 24 Hour Station Wear Stationwear Shirt front shall be manufactured such that the front buttonholes are covered by a 1 ½” panel on the left front extending the full length of the shirt from collar band to hem. Beneath the panel on the left shirt front shall be six (7) buttonholes vertically set ¾” from the front edge with 86 stitches and spaced with the first buttonhole down 3” from the top of the front to its center. The following five (5) buttonholes shall be set 3 ¾” apart center to center. The left shirt front shall have a 1 3/8” turned under lapel style hem held in place by the six buttonholes. The panel covering shall be prevented from folding back or gapping away from the left front by six bar tacks placed 1/8” back from the shirt front edge.

The right front shall have 7/8” wide inside finished facing that is sewn down to the shirt front the full length of the front from the collar band to the bottom hem. On the right front shall be set 17 ligne color matched buttons sewn with 14 S.P.I. and positioned to correspond to the buttonholes or the left front such that when the shirt is closed the buttons pass through the left front buttonholes but are hidden beneath the panel front covering. Metal snaps act as heat sinks and may become burred or crushed and cannot be replace. Snaps are unacceptable.

Pockets and Flaps: There shall be two mitered cut breast pockets wit 7/8” finished inside hem tops and 3/8” inside creased edges. Each pocket shall be 5¾” wide and 5¼” deep with 1¼” mitered corners. ½” above each
Section D – TECHNICAL SPECIFICATIONS
2019 UNIFORM CLOTHING SPECIFICATIONS
CLEVELAND DIVISION OF FIRE

pocket shall be set a 5 ½” long by 2” wide mitered cut pocket flap. The right flap shall be 1/16” topstitch set, the left pocket flap shall be set with three (3) 28 stitch bar tacks such that it is divided into a 2” wide pencil slot and a 3 ¾” wide eyeglasses slot. Both flaps shall button down. The button shall be sewn with 14 stitches 1 ¼” down from the pocket top and centered thereon. The buttonhole shall be vertically sewn with 86 stitches to the flap ½” above the flap bottom and centered thereon.

Sleeves: The sleeves shall be one-piece construction and shall be closed at the underarm and set into the shoulders with a double needle stitch. Short sleeve shall terminate in a 7/8” inside hem.

American Flag Patch on shoulder

- Per Army Regulation 670-1. When worn on the right sleeve, it is considered proper to reverse the design so that the union (starts) is at the observer’s right to suggest that the flag is flying in the breeze as the wearer moves forward.
- The U.S. flag insignia (full color) is 2” X 3” in size and is worn on the right shoulder

Cuffs: Long sleeves shall terminate in a 2 ½” wide cuff and a 1” wide by 6 ½” long, full dress placket with 5” opening. Both placket and cuff shall be set onto the sleeve such that not less than 3/8” of the sleeve fabric is inserted into the hem to prevent seam slippage and subsequent pull-out. The cuff shall have radiused corners and be fully lined with polyester. A buttonhole sewn with 86 stitches shall be mounted ½” from the cuff outside end, while two (2) 17 ligne matched color buttons are mounted with 14 stitches 5/8” and 1 5/8” respectively from the inside cuff end. Cuffs which open at the underarm of the sleeve are incorrectly positioned and will not be accepted.

Back, Yoke, and Shoulder: For long-term seam reliability and tailored appearance all seams shall be either felled, safety stitched, or safety stitched and then topstitched. The yoke is the keystone of a properly fitted shirt. A second layer of fabric added for decorative purposes is unacceptable as it does not contribute to proper fit and the additional weight is detrimental in structural firefighting. The back shall be joined to the yoke by means of a double needle felled yoke seam. The yoke shall be 2 ½” wide at the center neck and 2” wide at the armholes. The yoke shall join the shirt fronts with double needle felled shoulder seams. Because the balance of the shirt is suspended from the yoke, single needle stitching on the front and back of the yoke is unacceptable. The back shall join the fronts at the sides by means of safety stitching.

Hem: A 3/16” rolled hem shall be sewn around the entire bottom of the shirt.

Finishing: All shirts shall have a military press consisting of two ceases on front of shirt and three creases on back. All collars and cuffs are to be pressed flat. Shirts shall meet the standards of the American Association of Textile chemists and Colorists as follows:

Workmanship and Quality Control: All shirts are made in a craftsman like manner and are inspected during manufacturing, at final trimming and packing to insure consistent quality and adherence to this specification.

Warranty: All shirts shall be warranted against defects in materials and workmanship for the useful life of the product.
EMBLEM (FIREMEDIC): A regulation and approved FIREMEDIC emblem (Item #58 of this spec) to be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulder seam. This is for all members with Firemedic Designation.

EMBLEM (PARAMEDIC): A regulation and approved PARAMEDIC emblem (Item #59) shall be provided be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulder seam. This is for all members with a Paramedic designation.

NAME: Embroidered first Initial and Last name of person who ordered shirt on right chest above pocket. Insignia is to be embroidered ¾” above the right pocket and centered on the pocket flap.

Rank Insignias, Swiss Embroidered: Cleveland Fire Department regulation style, colorfast 5/8” x 2 7/8” rectangular Navy blue twill weave background with gold lettering and trim. Must be equal in quality (material, workmanship and color) to previous rank insignia and shall be of identical design. Insignia must be certified washable and dry cleanable and by nationally recognized institute. Rank shall read as follows for the various ranks: CHIEF, ASSISTANT CHIEF, BATTALION CHIEF, CAPTAIN, and LIEUTENANT. Insignia is to be sewn ¾” above the left pocket and centered on the pocket flap.

Description: colorfast 5/8” x 2 7/8” rectangular Dark Navy twill weave background with gold lettering and trim. ITEM – 9
FATIGUE SHIRTS – Station Wear Cotton Shirt – Navy Blue
Women’s Long Sleeve
Blauer
Style: 8255w

General Description: A highly engineered shirt designed to maximize the appearance and wear life potential of a precisely dark navy fabric of proven long-term reliability. The Cotton Long Sleeve Shirt is designed to assure absolute consistency of seams, fabric and color appearance. The cotton trouser shall meet the Stationwear requirements of NFPA 1975

Sizing: The Stationwear shirt is fully graded such that all vital dimensions change according to chest size. The grade for long sleeves includes three (3) lengths – short, medium, and long to properly fit all wearers. Available in Ladies sizes on made to order basis.

Color: Dark Navy

Collar: The collar shall be two-piece dress style with 3/8” collar points sewn to a two-piece collar band of 1 3/8” stand height. The collar shall be fully lined with a polyester blend inner liner and shall have permanent collar stays sewn to the liner. The collar shall be topstitched for tailored appearance and shape retention. A 90 stitch collar buttonhole shall be positioned ¾” from the end of the collar band and centered on the band. The 17 ligne collar button shall be sewn with 14 stitches 5/8” from the end of the collar band and centered on the band. The use of decorative stitching (false neckband) does not contribute to proper fit and does not permit proper use of neckwear and is unacceptable.

Front: The 24 Hour Station Wear Stationwear Shirt front shall be manufactured such that the front buttonholes are covered by a 1 ½” panel on the left front extending the full length of the shirt from collar band to hem. Beneath the panel on the left shirt front shall be six (7) buttonholes vertically set ¾” from the front edge with 86 stitches and spaced with the first buttonhole down 3” from the top of the front to its center. The following five (5) buttonholes shall be set 3 ¾” apart center to center. The left shirt front shall have a 1 3/8” turned under lapel style hem held in place by the six buttonholes. The panel covering shall be

prevented from folding back or gapping away from the left front by six bar tacks placed 1/8” back from the shirt front edge.

The right front shall have 7/8” wide inside finished facing that is sewn down to the shirt front the full length of the front from the collar band to the bottom hem. On the right front shall be set 17 ligne color matched buttons sewn with 14 S.P.I. and positioned to correspond to the buttonholes on the left front such that when the shirt is closed the buttons pass through the left front buttonholes but are hidden beneath the panel front covering. Metal snaps act as heat sinks and may become buried or crushed and cannot be replace. Snaps are unacceptable.

Pockets and Flaps: There shall be two mitered cut breast pockets wit 7/8” finished inside hem tops and 3/8” inside creased edges. Each pocket shall be 5¼” wide and 5½” deep with 1¼” mitered corners. ¼” above each pocket shall be set a 5 ½” long by 2” wide mitered cut pocket flap. The right flap shall be 1/16” topstitch set, the left pocket flap shall be set with three (3) 28 stitch bar tacks such that it is divided into a 2” wide pencil slot and a 3 ¾” wide eyeglasses slot. Both flaps shall button down. The button shall be sewn with 14 stitches 1 ¾” down from the pocket top and centered thereon. The buttonhole shall be vertically sewn with 86 stitches to the flap ½” above the flap bottom and centered thereon.

Sleeves: The sleeves shall be one-piece construction and shall be closed at the underarm and set into the shoulders with a double needle stitch. Short sleeve shall terminate in a 7/8” inside hem.

American Flag Patch on shoulder

- Per Army Regulation 670-1. When worn on the right sleeve, it is considered proper to reverse the design so that the union (starts) is at the observer’s right to suggest that the flag is flying in the breeze as the wearer moves forward.
- The U.S. flag insignia (full color) is 2" X 3" in size and is worn on the right shoulder

Cuffs: Long sleeves shall terminate in a 2 ½” wide cuff and a 1” wide by 6 ½” long, full dress placket with 5” opening. Both placket and cuff shall be set onto the sleeve such that not less than 3/8” of the sleeve fabric is inserted into the hem to prevent seam slippage and subsequent pull-out. The cuff shall have radius corners and be fully lined with polyester. A buttonhole sewn with 86 stitches shall be mounted ½” from the cuff outside end, while two (2) 17 ligne color buttons are mounted with 14 stitches 5/8” and 1 5/8” respectively from the inside cuff end. Cuffs which open at the underarm of the sleeve are incorrectly positioned and will not be accepted.

Back, Yoke, and Shoulder: For long-term seam reliability and tailored appearance all seams shall be either felled, safety stitched, or safety stitched and then topstitched. The yoke is the keystone of a properly fitted shirt. A second layer of fabric added for decorative purposes is unacceptable as it does not contribute to proper fit and the additional weight is detrimental in structural firefighting. The back shall be joined to the yoke by means of a double needle felled yoke seam. The yoke shall be 2 ½” wide at the center neck and 2” wide at the armholes. The yoke shall join the shirt fronts with double needle felled shoulder seams. Because the balance of the shirt is suspended from the yoke, single needle stitching on the front and back of the yoke is unacceptable. The back shall join the fronts at the sides by means of safety stitching.
Hem: A 3/16” rolled hem shall be sewn around the entire bottom of the shirt.

Finishing: All shirts shall have a military press consisting of two ceases on front of shirt and three creases on back. All collars and cuffs are to be pressed flat. Shirts shall meet the standards of the American Association of Textile chemists and Colorists as follows:

Workmanship and Quality Control: All shirts are made in a craftsman like manner and are inspected during manufacturing, at final trimming and packing to insure consistent quality and adherence to this specification.

Warranty: All shirts shall be warranted against defects in materials and workmanship for the useful life of the product.

EMBLEM (FIREMEDIC): A regulation and approved FIREMEDIC emblem (Item #58 of this spec) to be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulcer seam. This is for all members with Firemedic Designation.

EMBLEM (PARAMEDIC): A regulation and approved PARAMEDIC emblem (Item #59) shall be provided be sewn on the left sleeve ¾” below the shoulder seam and centered in line of the shoulder seam. This is for all members with a Paramedic designation.

NAME: Embroidered first Initial and Last name of person who ordered shirt on right chest above pocket. Insignia is to be embroidered ¾” above the right pocket and centered on the pocket flap.

Rank Insignias, Swiss Embroidered: Cleveland Fire Department regulation style, colorfast 5/8” x 2 7/8” rectangular Navy blue twill weave background with gold lettering and trim. Must be equal in quality (material, workmanship and color) to previous rank insignia and shall be of identical design. Insignia must be certified washable and dry cleanable and by nationally recognized institute. Rank shall read as follows for the various ranks: CHIEF, ASSISTANT CHIEF, BATTALION CHIEF, CAPTAIN, and LIEUTENANT. Insignia is to be sewn ¾” above the left pocket and centered on the pocket flap.

Sample: Bidder must submit, with their bid, samples of the Stationwear Shirt they propose to furnish under the terms of the bid to the Cleveland Fire Department Storeroom, 1645 Superior Ave., Cleveland, Ohio 44114.

ITEM – 10
FATIGUE SHIRTS – Station Wear Cotton Shirt – Navy Blue
Women’s Short Sleeve
Blauer
Style: 8256w

General Description: A highly engineered shirt designed to maximize the appearance and wear life potential of a precisely dark navy fabric of proven long-term reliability. The Cotton Short Sleeve Shirt is designed to
assure absolute consistency of seams, fabric and color appearance. The cotton trouser shall meet the Stationwear requirements of NFPA 1975.

Sizing: The Stationwear shirt is fully graded such that all vital dimensions change according to chest size. The grade for long sleeves includes three (3) lengths – short, medium, and long to properly fit all wearers. Available in Ladies sizes on made to order basis.

Color: Dark Navy

Collar: The collar shall be two-piece dress style with 3/8” collar points sewn to a two-piece collar band of 1 3/8” stand height. The collar shall be fully lined with a polyester blend inner liner and shall have permanent collar stays sewn to the liner. The collar shall be topstitched for tailored appearance and shape retention. A 90 stitch collar buttonhole shall be positioned ¾” from the end of the collar band and centered on the band. The 17 ligne collar button shall be sewn with 14 stitches 5/8” from the end of the collar band and centered on the band. The use of decorative stitching (false neckband) does not contribute to proper fit and does not permit proper use of neckwear and is unacceptable.

Front: The 24 Hour Station Wear Stationwear Shirt front shall be manufactured such that the front buttonholes are covered by a 1 ½” panel on the left front extending the full length of the shirt from collar band to hem. Beneath the panel on the left shirt front shall be six (7) buttonholes vertically set ¾” from the front edge with 86 stitches and spaced with the first buttonhole down 3” from the top of the front to its center. The following five (5) buttonholes shall be set 3 ¾” apart center to center. The left shirt front shall have a 1 3/8” turned under lapel style hem held in place by the six buttonholes. The panel covering shall be prevented from folding back or gapping away from the left front by six bar tacks placed 1/8” back from the shirt front edge.

The right front shall have 7/8” wide inside finished facing that is sewn down to the shirt front the full length of the front from the collar band to the bottom hem. On the right front shall be set 17 ligne color matched buttons sewn with 14 S.P.I. and positioned to correspond to the buttonholes on the left front such that when the shirt is closed the buttons pass through the left front buttonholes but are hidden beneath the panel front covering. Metal snaps act as heat sinks and may become burred or crushed and cannot be replace. Snaps are unacceptable.

Pockets and Flaps: There shall be two mitered cut breast pockets wit 7/8” finished inside hem tops and 3/8” inside creased edges. Each pocket shall be 5¼” wide and 5¼” deep with 1¼” mitered corners. ¾” above each pocket shall be set a 5 ½” long by 2” wide mitered cut pocket flap. The right flap shall be 1/16” topstitch set, the left pocket flap shall be set with three (3) 28 stitch bar tacks such that it is divided into a 2” wide pencil slot and a 3 ¾” wide eyeglasses slot. Both flaps shall button down. The button shall be sewn with 14 stitches 1 ¾” down from the pocket top and centered thereon. The buttonhole shall be vertically sewn with 86 stitches to the flap ¾” above the flap bottom and centered thereon.

Sleeves: The sleeves shall be one-piece construction and shall be closed at the underarm and set into the shoulders with a double needle stitch. Short sleeve shall terminate in a 7/8” inside hem.
American Flag Patch on shoulder

- Per Army Regulation 670-1. When worn on the right sleeve, it is considered proper to reverse the design so that the union (stars) is at the observer's right to suggest that the flag is flying in the breeze as the wearer moves forward.
- The U.S. flag insignia (full color) is 2" X 3" in size and is worn on the right shoulder

Cuffs: Long sleeves shall terminate in a 2 ½" wide cuff and a 1" wide by 6 ½" long, full dress placket with 5" opening. Both placket and cuff shall be set onto the sleeve such that not less than 3/8" of the sleeve fabric is inserted into the hem to prevent seam slippage and subsequent pull-out. The cuff shall have radiused corners and be fully lined with polyester. A buttonhole sewn with 86 stitches shall be mounted ½” from the cuff outside end, while two (2) 17 ligne matched color buttons are mounted with 14 stitches 5/8” and 1 5/8” respectively from the inside cuff end. Cuffs which open at the underarm of the sleeve are incorrectly positioned and will not be accepted.

Back, Yoke, and Shoulder: For long-term seam reliability and tailored appearance all seams shall be either felled, safety stitched, or safety stitched and then topstitched. The yoke is the keystone of a properly fitted shirt. A second layer of fabric added for decorative purposes is unacceptable as it does not contribute to proper fit and the additional weight is detrimental in structural firefighting. The back shall be joined to the yoke by means of a double needle felled yoke seam. The yoke shall be 2 ½” wide at the center neck and 2” wide at the armholes. The yoke shall join the shirt fronts with double needle felled shoulder seams. Because the balance of the shirt is suspended from the yoke, single needle stitching on the front and back of the yoke is unacceptable. The back shall join the fronts at the sides by means of safety stitching.

Hem: A 3/16” rolled hem shall be sewn around the entire bottom of the shirt.

Finishing: All shirts shall have a military press consisting of two ceases on front of shirt and three creases on back. All collars and cuffs are to be pressed flat. Shirts shall meet the standards of the American Association of Textile Chemists and Colorists as follows:

Workmanship and Quality Control: All shirts are made in a craftsman like manner and are inspected during manufacturing, at final trimming and packing to insure consistent quality and adherence to this specification.

Warranty: All shirts shall be warranted against defects in materials and workmanship for the useful life of the product.

Collar: Convertible collar shall be one piece and to measure 3-1/4” long at points and 1-5/8” wide at back. The collar shall be made with permanent collar stays. There must be tie space of approximately ¾” when the collar is buttoned. Collar to be lined with 100% Dacron.

Sleeves: Sleeves are to be straight and whole with 1” hem and shall finish 9-1/2” in length.

American Flag Patch on shoulder

- Per Army Regulation 670-1. When worn on the right sleeve, it is considered proper to reverse the design so that the union (stars) is at the observer's right to suggest that the flag is flying in the breeze as the wearer moves forward.
- The U.S. flag insignia (full color) is 2” X 3” in size and is worn on the right shoulder

The sleeve must be secured to the body of the shirt by means of a merrow stitch with a safety stitch so as to properly strengthen the seam. This same stitch must be used on the side closing seams as well.
Section D – TECHNICAL SPECIFICATIONS
2019 UNIFORM CLOTHING SPECIFICATIONS
CLEVELAND DIVISION OF FIRE

Front: Each front shall have a facing 3” in width extending from neckline to bottom of shirt provided by a turn under of material. The left front shall also have a lines box pleat 1-1/2” wide finished, running full length of the shirt and shall be topstitched ¼” from both edges. The center front shall contain six (6) vertical buttonholes placed ¼” from edge and 3-1/2” apart.

Back: To have double yoke of basic shirt material.

Pockets: There shall be two pockets, with mitred corners, 5-5/8” wide and 6” deep. There shall be a pencil stitch in the right side of the left pocket, 1-1/4” wide. Both pockets to have a 1-1/3” box pleat stitched top and bottom to prevent spreading.

Flaps: To have two scalloped flaps to finish 5-3/4” in length, 2-3/4” in width at center and 2-1/3” in width at sides. Flaps to be secured to front of shirt with two rows of stitching approximately ¾” above top of pocket. The left flap to have a pencil opening about 1-1/2” in width. There will be a matching button and a buttonhole sewn on the flap. Flaps to be lined with 6800 crease and tack interlining.

Flap Closure: The side points of the flaps are to be secured to the pockets by means of velcro fasteners sewn onto the flaps and pockets.

Badge Tab: To be reinforced with a strip of material 1-1/2” wide, turned and stitched so that no raw edges are showing on the inside of the shirt. This strip is to be securely caught in the shoulder joining seam and the flap setting stitch. There are to be two horizontal buttonholes 1-1/4” apart, with the bottom buttonholes 1-1/2” above the left flap.

Name Tab: Eyelet for the name tab shall be spaced 1 1/8” horizontal and shall be size oo on the left side.

Shoulder Straps: The shoulder straps shall be pointed at the end towards the collar of the shirt and shall be fastened with one button. The other end shall be secured in the sleeve seam. Shoulder straps shall measure 2” at sleeve head and taper to 1-3/8” at button end. Shoulder straps to be set about ½” from collar. Straps shall be box stitched to shoulder with row of cross stitching 2” from sleeve head, and diagonally across from each end of seam to the sleeve head seam.

Buttons: All buttons to be made from thermo-setting polyester material and shall match shirt fabric.

Collar Stays: The collar stays shall be of good quality Stalar vinyl, 2-1/2” in length and 3/8” in width.

Size Markings: Size shall be marked with black indelible ink on a size loop attached to basic label in yoke and on outside of left front tail.

Pressing: Shirts shall be carefully pressed by hand in first class manner.

All shirts to Union made and to carry the Union label.

Size: As determined by fit measurement.

ITEM – 42
WINTER SWEATERS – V Neck Wool

Requirement for the Yarn:
Type: High performance acrylic fiber and 30% wool
Colorfastness to light, washing, and crocking: good
Color: Navy Blue

Requirement for Re-Enforcement Fabric:
Type: Cotton woven tape, 5/8 inches wide conforming to Type II of DDD-T-86
Color: Approximately same as sweater.

Requirements for the Thread:
Type: Cotton, conforming to Type I43, ticket no. 40 and 50 of V-T-276.
Colorfastness: good.

General Design: Shall be pull-over style, wool, 2 x 2 rib throughout, V-neck, with straight body and set in sleeves. The number of counted ribs from side seam to side seam across the chest and bottom welt shall be equal to the chest size in inches. Extra-long body length with knitted welt and turnback cuff design for adjusting sleeve length. Durable cloth patches shall re-enforce shoulders and elbows. The body and sleeve welts shall be knit with a non-raveling bottom edge.

Knitting: The garment is to be knitted from 2 x 2 construction throughout, using .54 inches of yarn per stitch, except the bottom welt which is to be .46 inches of yarn per stitch, commencing with a knitted welt. The body 6 inch below the armpit when stretched by hand is to extend without damage to a width of at least 38
Section D – TECHNICAL SPECIFICATIONS
2019 UNIFORM CLOTHING SPECIFICATIONS
CLEVELAND DIVISION OF FIRE

inches (size medium). The bottom welt when stretched without damage by hand shall measure at least 32 inches (size medium).

Seam Construction: All sweater seams shall be stitched using an overlock machine, except for the shoulder and sleeve cuff seams shall also be over sewn with a seam cover using a wool cover thread for neat appearance and comfort. All seams shall be straight and neat with ends trimmed.

EMBLEM (FIREMEDIC): A regulation and approved FIREMEDIC emblem (Item #58 of this spec) to be sewn on the left sleeve ¼” below the shoulder seam and centered in line of the shoulder seam. This is for all members with Firemedic Designation.

EMBLEM (PARAMEDIC): A regulation and approved PARAMEDIC emblem (Item #59) shall be provided be sewn on the left sleeve ¼” below the shoulder seam and centered in line of the shoulder seam. This is for all members with a Paramedic designation.

Tape Reinforcement: The shoulders and underarms shall be reinforced with 5/8 inch cotton tape, to prevent underarm seam from coming apart under stress. The tape shall measure approximately 4 inches in length under the arm and the entire length of the shoulder seam, and shall match (approximately) the color of the sweater.

Patches: The sweater is to have re-reinforcing patches on each shoulder and sleeve. When the sweater is laid flat, the bottom of each shoulder patch shall meet when a straight line is drawn from patch to patch, insuring a uniform appearance. The patches shall match the color of the sweater. The patches, with raw edges turned in, are to be secured by the double needle lock stitch, except for the edge incorporated into the sleeve seam. There shall be no puckering, gathering or distortion, where the patches are sewn to the sweater. No give may be used to fold patches before stitching. The shoulder patch shall measure approximately 9 inches by 5 inches (size med.). The sleeve patch shall be contoured to fit the arm, measuring approximately 10 inches by 4 ¾ inches (size med).

EMBLEM (FIREMEDIC): A regulation and approved FIREMEDIC emblem (Item #58 of this spec) to be sewn on the left sleeve ¼” below the shoulder seam and centered in line of the shoulder seam. This is for all members with Firemedic Designation.

EMBLEM (PARAMEDIC): A regulation and approved PARAMEDIC emblem (Item #59) shall be provided be sewn on the left sleeve ¼” below the shoulder seam and centered in line of the shoulder seam. This is for all members with a Paramedic designation.

Pressing: The sweater and patches shall be pressed for a second time before shipping, insuring a net unwrinkled appearance when issued.

Measurements: The length of a size 42 sweater from shoulder seam to the bottom welt shall be approximately 27 inches (+ or – ¼ inch). The width shall be measured by counting the number of ribs from side seam to side seam—the number of ribs equaling the chest size of the sweater in inches. The width of the V-neck opening shall be 5 inches (+ or – ¾ inch).
Badge Tab: Eyelets for the badge tab shall be spaced 1 1/8" inch center to center, and shall be size oo on the left side.

Name Tab: Eyelets for the badge tab shall be spaced 1 1/8" inch horizontal, and shall be size oo on the right side.

Weight: The weight of a dozen medium sized sweaters (minimum) shall be 18 pounds.

Sizes: XS(32-34), S(36-38), M(40-42), L(44-46), XL(48-50), XXL(52-54), XXXL(56-58) to fit men and women.

Important: Standard Sample: In all details not specifically described herein, tailoring, styling, and construction of the components shall conform to the standard sample.

Limited Warranty: The sample and contract garments shall carry a manufacturer's printed warranty hang tag. The tag shall instruct the owner of their rights under the warranty. The limited warranty shall contain a minimum of the following:

Warranty Coverage: Manufacturer agrees to warrant to the original purchaser that the product will be free from defects in materials and workmanship for a period of three (3) years from date of purchase.

Warranty Service: Should a covered product become defective during the warranty period, simply return it to the manufacturer with dated proof of purchase. The manufacturer agrees to repair or replace at its option any item determined to be defective and will return to purchaser at no charge.

Limitations: This warranty does not cover abnormal wear and tear, nor the color fastness of fluorescent fabrics, nor damage from chemicals, fire, misuse, accident or negligence. This warranty only applies to the original purchaser of the covered product and is not transferable.

Sample: Bidder must submit, with their bid, samples of the sweater they propose to furnish under the terms of the bid to the Cleveland Fire Department Storeroom, 1645 Superior Ave., Cleveland, Ohio 44114.

NOTE: Exceptional sizes – a small percentage of the members of the department cannot be fitted in the standard ready-made sizes, successful bidder shall be responsible for fitting these members, at no additional charge to the members.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.
ITEM – 43

Protection from the Inside Out

BENEFITS AND FEATURES
*Inherently FR – no chemical treatment and will not wash out
*No Melt, No Drip, No Char
*Moisture Wicking
*Non-Shrinking / Non Fading
*Raglan Sleeve / Extended Length and tail
*Longevity 5x longer than cotton shirt
*Color lasts 4x longer than cotton shirt

FABRIC
TechT4 by TenCate provides the first layer of defense and the first layer of comfort for shirts and undergarments. This remarkable innovation brings ease of wear and flame resistance in an incredibly lightweight base layer textile. The FireDFND shirt made with TenCate TechT4 self-extinguishes and won’t ignite, melt or drip and will enhance the protection of your FR outer layers. This is an extraordinarily soft and comfortable fabric that also delivers antimicrobial protection to fight odor.

THREAD
Manufactured with 100% Dupont Nomex designed to provide seam integrity and long term heat or flame resistance and superior abrasion resistance.

ITEM - 75
6” WATERPROOF BOOT

STYLE: THOROGOOD #834-6218 or approved equal.

SCOPE: This specification will outline the requirements for black 6” polishable leather/nylon waterproof barrier tactical and uniform footwear with a side zip. This specification is for a waterproof, non-safety 6” boot which is tested to meet the blood borne pathogen resistance and certain other requirements of (BUT NOT CERTIFIED TO) NFPA 199-2008 Edition, Standard on Protective Clothing for Emergency Medical Operations. ISO 9001-2000 Registered (International Standard/ISO 2000, Quality Systems Specification for Design, Development, Production, Installation and Servicing).

PATTERN: Black 6” over the ankle.

UPPER: All upper fitting is 8-10 stitches per inch, B69 nylon thread double needle for a durable construction

UPPER NYLON PANELS – 1200 denier basket weave black nylon with reinforced backing and full padded tongue gusset to comfort the instep.

INSOLE: Stitch bonded Strobal for maximum flexibility and cushion transfer.

MIDSOLE: built in EVA forefoot and heel pads to absorb shock and reduce fatigue on the foot.

OUTSOLE: Thorogood Commando Deuce two density rubber lug cup sole with oil and slip resisting rubber compound, for a more durable traction system over many types of terrain.

LEATHER: Upper leather 2 – 2.2 mm black full grain vamp with 1.8 – 2 mm black action leather balance. All leather is polishable and double stitched at all joints for a durable construction.
CONSTRUCTION:  Cement for light weight and immediate flexible comfort with a non-metallic shank and EVA midsole system for a complete foot and ankle support system.

LINING:  Durable Two Zone Mesh to wick away moisture for drier, cooler, healthier feet. Lining is backed with a bootie of blood borne pathogen resisting and waterproof breathable Thoro-dri membrane.

SHANK:  Tru-fit fiberglass, durable, cold and rust resisting and contoured to the insole for a complete support system.

FOOTBED:  Contoured two density polyurethane removable, with polyester cover for moisture wicking and perforated for promotion of air movement to cool and comfort the foot.

COUNTER:  Thermo formed counter providing greater heel stability.

BOX TOE:  XL-20 thermoplastic to maintain toe shape and provide ample room and comfort for the forefoot.

NON-METAL HARDWARE:  All non-metal hardware for easy and secure closure. This hardware is designed to go through electronic metal detection devices.

ZIPPER:  YKK nylon with locking keeper and leather/Velcro cover for a strong and reliable closure system.

SIZES AND WIDTHS:  Footwear is available in all of the following sizes.

Men’s:  4 – 12, 13, 14, 15 including half sizes through 12.

Women’s unisex size scale is based on two sizes up from the man’s size scale  A men’s 4M is equal to a women’s 6M.

Widths:  Medium, Wide and Extra Wide as measured by Brannock device. NOTE: Extra Wide only available in men’s 7-12, 13.

Sample:  Each bidder shall submit a sample of the shoe they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

Note:  Exceptional sizes — a small percentage of the members of the Department cannot be fitted in the standard readymade sizes. Successful bidder shall be responsible for fitting these members, at no additional charge to the members.

Measurements:  Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.
ITEM - 76
8" SIDE ZIP WATERPROOF BOOT

STYLE: Thorogood #834-6219 or approved equal.

GENERAL DESCRIPTION: 8" waterproof boot of leather and 1000 denier cordura with built in heavy duty zipper. Highly sculpted to fit the foot, providing natural flex points. Sympatex membrane to provide breathable waterproof and blood borne pathogen protection.

PATTERN: Black 8" with built in zipper.

UPPER: Full grain leather and 10000 denier cordura.

TONGUE: Padded comfort weave lined.

COLLAR: Wrapped suede padded.

VAMP AND QUARTER LINING: Comfort weave.

MEMBRANE: Sympatex to provide breathable waterproof and blood borne pathogen protection.

INSOLE: Removable, built-up polyurethane cushion footbed.

MIDSOLE: Polyurethane to attenuate shock without losing its compression.

OUTSOLE: Vibram trail run, designed for all terrain purposes with non-loading tread pattern and multi-directional cleats for stability.

SHANK: Fiberglass

LACING: Round nylon, riveted speed lace hardware.

CONSTRUCTION: Cemented for lightweight flexibility.

SIZES: M (7-11, 12, 13)
          W (7-11, 12, 13)

Sample: Each bidder shall submit a sample of the boot they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

Note: Exceptional sizes – a small percentage of the members of the Department cannot be fitted in the standard ready made sizes. Successful bidder shall be responsible for fitting these members, at no additional charge to the members.
Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift. Any members who are not available on these days shall be measured at Fire Department Storeroom at a time designated by the Supply Officer.

ITEM – 77
10” SAFETY TOE BOOT
STYLE: Thorogood #804-6111 or approved equal

GENERAL DESCRIPTION: 6” waterproof boot of leather and 1000 denier cordura. Highly sculpted to fit the foot, providing natural flex points. Sympatex membrane to provide breathable waterproof and blood borne pathogen protection.

UPPER: Black full Grain Leather

CONSTRUCTION: Direct Injection two density polyurethane midsole with a thermo plastic urethane outsole.

LINING: Durable comfort weave quarter and vamp to wick away moisture.

INSOLE: Removable Two density Polyurethane “Shock Zone” Footbed

SHANK: Fiberglass

OUTSOLE: Softstreets™ Dual Density Polyurethane

COUNTER: Thermo Formed counter providing greater heel stability and comfort.

SIZES: M (7-12, 13, 14)
W (7-12, 13, 14)

Sample: Each bidder shall submit a sample of the boot they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

Note: Exceptional sizes – a small percentage of the members of the Department cannot be fitted in the standard readymade sizes. Successful bidder shall be responsible for fitting these members, at no additional charge to the members.
Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM – 78
6” PLAIN TOE SAFETY BOOT
STYLE: Thorogood #804-6026 or approved equal

GENERAL DESCRIPTION: 6” waterproof boot of leather and 1000 denier cordura. Highly sculpted to fit the foot, providing natural flex points. Sympatex membrane to provide breathable waterproof and blood borne pathogen protection.

UPPER: Black Full grain Leather

CONSTRUCTION: direct Injection two density polyurethane midsole with a thermo plastic urethane outsole.

LINING: Non-Woven Nylon

PULL STRAPS: Comfortable nylon straps front and back for easy donning and doffing.

INSOLE: Removable Polyurethane Footbed

MIDSOLE: Polyurethane

SHANK: Tru-fit fiberglass, durable, cold and rust resisting and contoured to the insole for a complete support system

FOOTBED: Contoured Super Cushion polyurethane removable, with polyester cover for moisture wicking. This footbed provides total foot cushioning and comfort. Polyurethane is closed cell and encapsulates millions of air bubbles that do not compress and flatten out to create a long lasting foot support system

OUTSOLE: Translucent TPU (Thermo Plastic Urethane)

Sample: Each bidder shall submit a sample of the boot they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

ITEM - 80  
WOOL, BASEBALL STYLE CAP

Fabric: Solid Wool Blend.

Thread: All thread shall be perma core poly wrap poly.

Stitching: All stitching to be 10-12 stitches per inch.

Crown: The cap shall be constructed of five panels and top stitched 3/16 inch from both sides of finished seams. Raw edges of these panel seams to be covered with 1 1/8" tape. Visor to top of crown shall measure at least seven inches. The front two panels shall be stiffened haircloth. The back four panel shall have a sewn eyelet vent. A 3/8 inch size strip shall completely encircle the inside edge of the assembled crown. A 1 3/8" sweatband of twill shall be sewn to the inside edge of the cap crown. A 4 inch long plastic size strip (adjustable) shall be sewn in the back of the cap crown. A covered button of the same cap material shall be attached to the top of the cap.

Visor: The visor cover shall consist of two pieces of self material joined together at the outer edge of the visor, turned and top-stitched with the minimum of six rows of stitches. The visor stiffener shall be of unbreakable material; Visor Board Foam-X.

Size Scale: Adjustable sizing to fit 6 to 7¼.

Finishing: All caps are to be blocked and steam pressed for correct shape. A finished sample will be provided. Our entire cap is All American Made (USA).

Emblem (CFD) Rank Insignia: An official Cleveland Fire Department emblem is to be embroidered on each cap ordered by a Firefighter. Officer’s caps shall also include the rank above emblem with the following appropriate rank designations; Chief, Assistant Chief, Battalion Chief, Captain, and Lieutenant. The embroidered emblem or insignia patch is to be centered on the front of the cap ¼” to ½” above the visor. A ¾” standard ‘CFD’ on back of the cap, color is to be gold.

Small American Flag to be displayed on the wearer’s left side.

Workmanship and Quality Control: All caps are produced with the utmost quality and phase. Each is thoroughly inspected before being shipped.

Sample: Bidder must submit, with their bid, samples of the Fatigue Caps they propose to furnish under the terms of the bid to the Cleveland Fire Department, 1645 Superior Ave., Cleveland, Ohio 44114.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

Streamlight: 4AA ProPolymer LED Light, with 7 LED Bulbs with Streamlight Deluxe Rubber Helmet Strap, Holds up to 2 Flashlights

Battery: Four AA alkaline

Lamp: Seven 100,000-hour lifetime, high-intensity Light Emitting Diodes (LEDs)

Material: Shock resistant, engineering grade polymer case
Unbreakable polycarbonate lens.
Color: Black, Yellow
Weight: 6.3 ounces (with batteries)
Dimensions: 1.69" (D) x 6.5" (L)
Runtime: Up to 155 hours
Special Features Class I, Division 1-Approved for use in hazardous locations
Waterproof
Non-conductive and corrosion-proof
Rear push button activation.

This rubber Streamlight Helmet Band is designed to hold up to two flashlights on the left and/or right side of any style helmet.

Sample: Each bidder shall submit a sample of the flashlight they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.
ITEM 84
HELMET BAR HEADLAMP

Manufacturer: FoxFury
Style: 410-006 Command
Battery: 4 AA Battery

LIGHT CHARACTERISTICS

Light Output & Runtimes
48 lumens | 16 hours | High

Light Color & Wavelength or Color Temperature: White / 6500K

Power Consumption: 0.4W
Modes: 3 (Low, Medium, High)
Beam Angle: 38 degree
Maximum Beam Distance: 79ft (24 m)
Power Source: 4-AA Batteries included

Size & Weight
Dimensions: (WxDxH)
4.8 in (122 mm)
0.7 in (18 mm)
1.0 in (25 mm)
Unit Weight: 9.7 oz (275g)

What's Included: Silicone Strap and 4-AA Batteries
Power Source: 4AA Batteries included
Hard Hat & Safety Helmet Fit: Yes, (is used with silicone strap)
Features: Offers panoramic and focused lighting
Ultra-slim design to fit 99% of American style traditional and modern firehelmets
Rear Safety LED (red)
Durability: 14°F(-10°C) to 300°F(149°C)
Waterproof: 9.8 ft. (3m)
Impact Resistant: 9.8 ft. (3m)

CONSTRUCTION
Materials: Nylon 66 housing with polycarbonate lens cover
Silicone coated; Teflon jacketed cable
Silicone switch cover

Sample: Each bidder shall submit a sample of the shoe they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.
Measurements: Successful bidder shall measure each member individually to ensure proper fit. FIREFIGHTING HOOD
Ventilating – Drape P-84

FIREFIGHTERS HOODS (VENTILATING FULL DRAPE P-84 NAVY HOODS)

The purpose of this hood is to provide limited protection to the head and neck of the firefighters during the normal performance of their duties as defined by the National Fire Protection Association (NFPA) 1971 current edition and NFPA 1500 current edition. In the absence of comment on particular points, industry standard practice should be presumed to prevail. Workmanship and material to be first quality throughout. Any exceptions to specifications must be clearly spelled out at time of bid. In the absence of comment on a specific point, bidder shall be required to furnish a compliant hood or his bid will be disqualified.

APPLICABLE DOCUMENTS
NFPA 1500 – Fire Department Occupational Safety and Health Program

NFPA 1971 – Protective Ensemble for Structural Firefighting

☐ COMPLY ☐ EXCEPTION

HOOD DESIGN

The protective hood shall be designed to contact the sides of the SCBA facepiece, when worn, and to cover all exposed facial areas. The protective hood shall be designed so the it does not interfere with the proper use of SCBA and the SCBA facepiece-to-face seal, as specified by the SCBA manufacturer. The protective hood shall be designed so that it does not interfere with the proper use and fit of helmets, as specified by the helmet manufacturer.

MATERIALS

40% P84 / 55% / FR Lensing / 5% Kevlar knit – 1 x 1 rib – Navy Blue in color, with a single layer weight of 8.4 Ounces (Double layer 16+.8 Ounces).

THREAD

Nomex High Temperature Aramid.

FACE AND NECK CONSTRUCTION

Double layer of 1 x 1 rib knit in body, each layer is knitted of 40% P84 / 55% Lensing / 5% Kevlar Knit. Color to be Navy Blue. When laid flat the measurement from the top of the mesh crown to the neck seam shall be at least 13 inches.

CHEST PROTECTOR OR BIB
A double layer of 1 x 1 P84 / lensing blend rib knit extending down the back and chest at least 8” from the neck seam, and at least 3” below the neck seam at each shoulder.

FACE OPENINGS

Face opening only to be large enough to accommodate any breathing apparatus facepiece and lightly elasticized to reduce bagging and stretching with use.

CROWN OPENING

Hoods to be provided with a 2 ½ oz. / sq. yard port hole knit weave PBI mesh crown insert (40% PBI and 60% Aramid) to allow thermal venting at the stress critical crown. Non-vented hood products will not be considered acceptable because of the additional stress load they impose.

TPP

Thermal Protective Performance (TPP) conducted by Underwriter Laboratory to NFPA 1971 shall be 20.5 TPP before wash, and 26.5 TPP after wash.

CERTIFICATION

All hoods must be certified by Underwriters Laboratory (UL) to meet or exceed the following:

Copies of UL test results will be required of a successful bidder. There will be absolutely no exceptions to the above required certifications by UL.

WARRANTY

Manufacturer must also warrant hood products to be free from defects in material and workmanship on a lifetime basis (the period of usage defined by normal and anticipated wear and tear). In other words, if at any time during the product’s normal useful life a defect in material or workmanship becomes obvious it will be repaired or replaced fully at the manufacturer’s cost.

STOCKING POSITION

Manufacturer (on his letterhead)) should disclose normal inventory levels he maintains on the specified hood.

REPAIR

Each bidder shall indicate his service facilities and his equipment to make necessary repairs to the hoods offered. This will be a consideration in the awarding of the contract.
IMPORTANT NOTES TO BIDDERS

Any exceptions to these specifications must be explicitly noted in your bid proposal. Failure to do so will be considered sufficient cause to reject the bid.

Additionally, bidder failing to provide any of the required statements, calculations, certifications, etc. will automatically be disqualified from consideration for bid award.

ITEM – 91
FIREFIGHTING PARTICULATE HOOD
Gore Particulate Hood Ultra C6.2 or approved equal

National Fire Protection Association (NFPA) 1971-2018 certified current edition and NFPA 1500 current edition. Workmanship and material to be first quality throughout. Any exceptions to specifications must be clearly spelled out at time of bid. In the absence of comment on a specific point, bidder shall be required to furnish a compliant hood or his bid will be disqualified.

APPLICABLE DOCUMENTS
NFPA 1500 – Fire Department Occupational Safety and Health Program

NFPA 1971 – Protective Ensemble for Structural Firefighting

HOOD DESIGN – Tradition Head design; Longer Length notched shoulder Bib design

LAYERS - 3 ply material throughout; with particulate blocking layer

LENGTH- Head 13”; Bib (Apron) Length 8”; Overall Length 21”

FACE OPENING- Full face opening circular measurement. Sewn with 1/2 “elastic. Elastic face opening stretches to accommodate 31”.

INSPECTION OPENING – Inspection opening in rear of hood so it can be turned inside out to inspect particulate layer for damage.

BINDING – Binding of same fabric material to enhance design and finished look.

SEAMS – Thread 100% Nomex; Head design with traditional center head seam; safety lock cover stitch of seams.

SIZE- Universal Size

Total Heat Loss as received 331.8 w/m2
Particulate Blocking efficiency 99.9%

Thermal Protective Performance (TPP) shall be 39.9 cal/cm² TPP before wash, and 49.0 cal/cm² TPP after 5 washes.

CERTIFICATION

All hoods must be certified by Underwriters Laboratory (UL) to meet or exceed the following:

Copies of UL test results will be required of a successful bidder. There will be absolutely no exceptions to the above required certifications by UL.

WARRANTY

Manufacturer must also warrant hood products to be free from defects in material and workmanship on a lifetime basis (the period of usage defined by normal and anticipated wear and tear). In other words, if at any time during the product’s normal useful life a defect in material or workmanship becomes obvious it will be repaired or replaced fully at the manufacturer’s cost.

STOCKING POSITION

Manufacturer (on his letterhead) should disclose normal inventory levels he maintains on the specified hood.

REPAIR

Each bidder shall indicate his service facilities and his equipment to make necessary repairs to the hoods offered. This will be a consideration in the awarding of the contract.

IMPORTANT NOTES TO BIDDERS

Any exceptions to these specifications must be explicitly noted in your bid proposal. Failure to do so will be considered sufficient cause to reject the bid.

Additionally, bidder failing to provide any of the required statements, calculations, certifications, etc. will automatically be disqualified from consideration for bid away

ITEM - 92

FIREFIGHTING GLOVES

Firefighting Glove Fire Brigade Standard-Gauntlet Type OR Approved Equal

Description: Glove specifically designed and constructed for structural firefighting activities. To be manufactured of materials designed to withstand the effects of flame, heat, vapor, liquids, sharp objects and other hazards that are encountered during structural firefighting operations.
Section D – TECHNICAL SPECIFICATIONS
2019 UNIFORM CLOTHING SPECIFICATIONS
CLEVELAND DIVISION OF FIRE

Documentation by an independent certified testing laboratory shall be submitted to verify gloves meet or exceed the NFPA 1973 (1993) version. Third party certification shall also be required, that verifies gloves pass all of the following parameters:

Warning Label
User information supplies with gloves
Minimum of 6 sizes
Viral penetration resistant
Liquid penetration resistant (5 chemical plus water)
Whole glove integrity
Glove donning time
Label integrity after washing
Bennett Dexterity Test
Grip Test
Thermal Protection Performance (TTP)
Conductive Heat Resistance
Flame Resistance
Static Cut Resistance
Flame Resistance
Static cut Resistance
Puncture Resistance
Heat Resistance
Liquid Penetration

Construction: Must meet or exceed all the requirements of the above mention standards.

Design: 100% Full Elk split leather, gauntlet type gunn cut, wing thumb, five fingered glove. Back shall have an elastic snifferband in the wrist area for secure fit. Elk leather welting shall be sewn on the palm side of the two middle fingers for additional support.

Material: shell-side split 100% split Elk leather of not less than 3 oz nor more than 3 1/2oz. Leather shall be tanned to resist cracking, peeling, stiffening and processed to reduce slipperiness when wet or frying when heated.

Liner-The glove shall have a full hand liner, fully sewn fire retardant (SEF) Self Extinguishing Fabric material minimum weight 7-8oz. per square yard. Material shall be napped on one side for comfort and warmth.

Liquidproof (Dura-Tex) membrane must be completely sealed in the finger and side wall areas to prevent liquid penetration though outer material to hand. No stitching shall penetrate the membrane sealed area.
The membrane material shall remain flexible at sub zero temperatures. The minimum weight 7-8oz. per square yard. Material shall be napped on one side for comfort and warmth.

Stitching: all outer shell stitching shall be of hear resistance Kevlar 30/3 thread or equal with a minimum of 8 stitches per inch.

Gauntlet Cuff: (The gauntlet style cuff will be constructed of 3 oz to 3.5 oz 100% elk leather. It shall maintain a inner 2ply Kevlar cuff.)

An Elk leather patch shall be sewn in the thumb crotch area to alleviate stress in this high wear area. A continuous index finger construction shall be used to eliminate exposed seams or stitching. A fully sewn liner of (SEF) Self Extinguishing Fabric shall be permanently attached to a liquidproof one way membrane bladder. The bladder shall be attached to the liner by thermal adhesive on all fingers, thumb and along the crotch between index finger and thumb.

(*The gauntlet cuff will maintain a inner 2ply Kevlar wristlet for added troffing protection.)

The bladder and liner assembly shall be sewn to each finger and thumb of the shell with Kevlar thread No stitches shall penetrate the bladder liquidproof area, the assembly shall be sewn through the extended tabs. A leather hang up loop shall be provided on inside of glove to facilitate storage and drying. *The gauntlet cuff is constructed fo 100% elk leather, and has a inner Kevlar cuff.

Middle finger length 4"
Fore finger length 3 ½"

Sample: Each bidder shall submit a sample of the gloves they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM - 93
FIREFIGHTING BOOTS - RUBBER BUNKER BOOTS
RANGER PRODUCT STOCK NO 5123 OR APPROVED EQUAL

STYLE: 5123 MEN'S 16" SHOEFIT BOOT BUNKER, INSULATED

CERTIFICATION: U.L. Classified SA9520
The Quality System for Norcross Safety Products is Certified to ISO 9001

SIZE RANGE: Whole, half, 5-12 Whole sizes 13, 14, 15(Based on Actual Shoe Last Dimensions for proper fit)

WIDTH: Narrow A/B/C
Medium D/E
Wide 2E/3E

UPPER: Rubber Formulation is fire resistant, resists cracking and oxidation

LEG LINING: 6 1/2 oz Kevlar/Nomex, calendar coated stitch bonded fleece. Para-aramid/Aramid Fleece.

CONSTRUCTION: Vulcanized Layered Rubber

OUTSOLE: Black Sure-Loc Sole
TOE TIP AND FOXING: High Abrasion

SHIN PROTECTOR: Inside Shin Protector

STEEL TOE: Meets ANSIZ41-Section 1 1991 - Section I Impact and Compression for additional impact resistance the steel toe is wrapped with 1 1/4" total width with 7/8" resin core. The resin core is set in vulcanization (TF-38DST Fiberglass).

HEEL REINFORCEMENT: Cotton/Nylon Blend for longer wear

STEEL MIDSOLE: One Piece Stainless Steel Z41 Sec. 5 1991

FOOT/METATARSAL GUARD: Built in with full coverage protection

HEEL: Black Molded Rubber, Self Cleaning design

STEEL SHANK: .05" x 1" x 4" Triple Ribbed

Sample: Each bidder shall submit a sample of the shoe they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM – 94
STRUCTURAL FIREFIGHTING 14” PULL-ON BOOTS
Globe FootGear Structural Supreme™
with ARCTIC GRIP OUTSOLES

NFPA 1971 and NFPA 1992 Certified

_____ Comply  _____ Exception

General Design
14 inch Pull-On athletic footwear (cement construction) boot, black flame-resistant and water-resistant leather, double-stitched leather joining seams, hi-vis yellow and silver reflective trim, leather-trimmed webbing pull straps, padded leather collar, padded leather flex joints in the shaft above vamp and heel, liquid and chemical resistant breathable bootie liner, cut-resistant and thermal protective bootie-shield liner,
composite safety toe cap, composite shank, composite penetration-resistant insole barrier, molded shin guard, flame-resistant synthetic rubber molded cup outsole and toe bumper, 3D lasting board, molded composite heel counter, internal heel fit system, and a removable molded footbed as well as an additional insert for use in conjunction with the footbed.

Slip Resistance
Boots must meet or exceed the minimum test values for slip resistance (average of left and right foot) as detailed below to provide superior performance in dry, wet, frosted ice, and wet ice conditions. Boots that do not exceed these minimums in all conditions will not be acceptable. Bidders must promptly supply a Technical Services Report upon request showing the boots bid meet or exceed this requirement.

Test Method: SATRA TM144:2011
Slip Resistance of Footwear and Floorings
Load = 500 N

Dry Clay Quarry Tile:
Forepart > 1.00
Heel > 1.00

Wet Clay Quarry Tile:
Forepart > 0.60
Heel > 0.60

Frosted Ice -7°C Run 1: Forepart = 0.28
Heel = 0.28

Frosted Ice -7°C Run 4: Forepart > 0.12
Heel > 0.12

Test Method: Load Cell / Wet Ice
Coefficient of Friction > 0.30

For maximum slip resistance each outsole shall include a brush-like filler system vertically oriented in lugs in key traction areas throughout the forepart and heel.

Flexibility
Boots must reach the Maximum Flex Angle of 48 degrees without exceeding the critical bending moment with a resulting stiffness index less than 10.0 as detailed below to provide maximum flexibility. Boots that do not meet this requirement shall not be acceptable. Bidders must promptly supply a Technical Services Report from a recognized independent testing laboratory upon request showing the boots bid meet this requirement.

Test Method: SATRA TM194:2004
Longitudinal stiffness of footwear

FireStorm Leather
Boots shall be made from heavy-duty, flame-resistant and water-resistant full-grain cattle hide leather measuring 2.0 – 2.2 mm of thickness for durable tear and puncture resistance. Tumbled full-grain cattle hide leather shall be utilized in collar and flex areas for mobility. The leather shall be chrome tanned to withstand high temperature with minimal shrinkage, re-tanned to impart water resistance and low water absorption, and finished to retain maximum breathability. Leather shall meet or exceed the following physical tests:
Section D – TECHNICAL SPECIFICATIONS
2019 UNIFORM CLOTHING SPECIFICATIONS
CLEVELAND DIVISION OF FIRE

Water Penetration  ASTM D2099  15,000 flex minimum
Dynamic Water Absorption  ASTM D2099  15% maximum
Static Water Absorption  ASTM D6015  30% maximum
Slit Tearing Strength  ASTM D2212  30 pound minimum
Moisture Vapor Transmission  ASTM D5052  350 g/meter2/24 hours minimum
Flame Resistance  NFPA 1971  afterflame no more than 2.0 sec,
not melt or drip, no burn through

CROSSTECH® Footwear Fabric
A full-height, full sock, bootie liner made from a package of Omaha lining fabric, 300g felt insulation, and
CROSSTECH® moisture barrier shall be provided for a liquid resistant and breathable moisture barrier as well
as thermal protection as defined by the specified NFPA standards.

Athletic Footwear (Cement) Construction Outsole
For optimum flexibility and performance the boot shall be bottomed using a VIBRAM® Arctic Grip Pro
synthetic rubber contoured cup outsole cemented to the bottom and sides of the upper using a 2-part cross-
linking adhesive that forms a bond stronger than the materials it attaches. The outsole must be made from a
flame, abrasion, oil, acid, and slip resistant compound engineered for high-traction, cold-weather resistance,
and durability. Outsoles must remain flexible to -40°F/-40°C. Goodyear welt or direct attach construction
methods shall not be acceptable.

Bootie-Shield Liner
A protective bootie-shield of KEVLAR® fiber blend stitchbonded non-woven batting weighing 4.0 oz/yd² shall
be positioned between the leather shell and the CROSSTECH® moisture barrier bootie to provide abrasion
and cut resistance and additional thermal protection. Boots that do not have an additional Flame Resistant
(FR) protective bootie-shield between the leather shell and the CROSSTECH® moisture barrier bootie shall not
be acceptable.

Composite Safety Toe Cap
The safety toe shall consist of a composite material that is lighter than steel, does not transmit heat or cold,
and will spring back to shape after impact. Must exceed NFPA standards for safety. Metal toe caps shall not
be acceptable.

Padded Leather Collar
The padded collar shall have a rolled top edge formed by folding over the leather to help the boots slide
against the pants liner and reduce the potential for the pants liner to hang up on the top of the boots as well
as to reduce abrasion against the wearer’s calf.

Composite Penetration Resistant Insole Barrier
Penetration resistance shall be provided by a composite insole to maximize flexibility and insulate from heat or cold transmission. Must exceed NFPA standards for safety. Metal plates shall not be acceptable.

3D Composite Lasting Board
Boot uppers shall be lasted to a molded and contoured dual-density lasting board with a built-in flex zone in the forefoot and a torsionally stable heel. Flat fiber board lasting boards shall not be acceptable.

Composite Shank
The shank shall consist of a composite material that is lighter than steel, does not transmit heat or cold, and springs back to shape better. Metal shank shall not be acceptable.

Molded Heel Counter
Boots shall have a molded heel counter of water-resistant composite material individually molded to fit each size perfectly. Leather or fiber board heel counters shall not be acceptable.

Padded Shin Guard
Boots shall include a padded composite shin guard to provide extra protection when working on a ladder. Moisture absorbing natural fiber padding shall not be acceptable.

Synthetic Rubber Toe Bumper
Boots shall have a molded Flame Resistant (FR) synthetic rubber toe bumper to provide abrasion resistance when crawling. The toe bumper shall be cemented and 2-needle stitched to the vamp.

3M SCOTCHLITE™ Reflective Material
Boots shall have flame-resistant fluorescent yellow and silver 3M SCOTCHLITE™ reflective material sewn to both sides of the shaft for added visibility.

Webbing Pull-Straps
Boots shall have NOMEX® webbing pull-straps with leather trim securely attached to the leather uppers by inserting into to collar seam to minimize stitching through the leather. Pull strength must be a minimum of 120 lbs when tested with a single handle.

Internal Fit System
Boots shall have an anatomical foam insert that wraps around the top and sides of the heel with an opening to fit and hold the back of the heel securely while cushioning the ankle.

3D Molded Footbeds System
Boots shall have a removable urethane foam footbed. The footbeds are contoured to cradle and cushion the bottom of the foot and to provide arch support. The footbeds shall have a moisture-wicking and antimicrobial fabric top layer. A second pair of 3D molded footbeds that are thicker in the forefoot is provided with every pair for a custom fit. This thicker footbed provides a snugger fit.
Sizes
Boots must be available in Men's full sizes 5 – 18 and half sizes 5½ – 15½ in Narrow, Medium, Wide, and X-Wide widths. Boots must also be available in a Wide Calf model in the same size range that will provide an additional 3 inches in circumference at the calf to fit those with larger calves. Boots must be available in Women’s full sizes 5 – 12 and half sizes 5½ – 11½ in Narrow, Medium, Wide, and X-Wide widths.

Resoling Service
The winning vendor shall have resoling services available at their factory as needed.

Country of Origin
Boots shall be manufactured in the United States.

Third Party Testing and Listing Program
The footwear shall be tested for compliance to NFPA Standard 1971 and 1992 by a recognized independent testing lab which shall certify and list compliance to that standard. Such certification shall be denoted by the independent testing labs mark on the certification label affixed to the boots.

Labels
Appropriate warning label(s) shall be permanently affixed to each boot. Additionally, the label(s) shall include the following information.

Compliance to applicable NFPA Standard(s), current edition(s).
Independent Testing Lab mark
Manufacturer's name
Manufacturer's address
Manufacturer's boot identification number
Date of manufacture
Size

ISO Certification/Registration
The manufacturer shall be certified and registered to ISO Standard 9001 to assure a satisfactory level of quality.

Warranty
The manufacturer shall warrant these boots to be free from defects in materials and workmanship for one year when properly used and cared for.

Sizing by Vendor
The vendor shall be available to perform all sizing requirements.

PPE Record Keeping
The manufacturer shall make available at no-charge, a password protected data based backed website that allows all brands of PPE assets are being recorded. The website shall have the functionality to allow the manufacturer to import all of the pertinent data into the department's account so that the initial data entry by fire department personnel is eliminated.

The website shall allow for the department to use a barcode scanner, if desired, to scan the Interleaved 2 of 5 barcode found in the gear by going to the Search the Serial Number page in PPE record keeping program, and scanning the asset's barcoded serial number.

Exceptions to Specifications
Any and all exceptions to the above specifications must be clearly stated for each heading. Use additional pages for exceptions, if necessary.

Sample: Each bidder shall submit a sample of the shoe they propose to furnish under the terms of said bid to the Cleveland Fire Department Storeroom, 1645 Superior Avenue, Cleveland, Ohio 44114.

Measurements: Successful bidder shall measure each member individually to ensure proper fit. To expedite this requirement, the successful bidder shall have qualified personnel available at the Fire Training Academy (or other central specified location) for six (6) work days, two (2) days per shift.

ITEM – 95
FLAME RESISTANT SHORT SLEEVE POLO
BULARK SHORT SLEEVE FR POLO IN MODACRYLIC or APPROVED EQUAL
SIZES: All Sizes Small – 4Xlarge

Colors: Grey, Navy Blue, White

- Arc Rating: 8.1 cal/cm² EBT
- CAT 2
- NFPA 70E, NFPA 2112 compliant
- 6.5 oz. Cool Touch 2 Swiss Pique FR Fabric - 45% Modacrylic/35% Lyocell/20% Para-aramid
- Three-button placket
- Dyed to match Rib Knit collar and cuffs
- Raglan Sleeves
- Utility pocket on Left Sleeve

EMBROIDERED CFD Maltese shall be centered on the left breast(artwork to be provided).

Rank/Name Designation: The embroidered Rank Designation and last name shall be centered on the right breast. The rank details are as follows: CHIEF, AC, BC, CAPT., LT, and FGF. Color to be gold. Followed by last name of person ordering.

ITEM – 96
100% COTTON SHORT SLEEVE POLO
TRU-SPEC 24-7 CLASSIC 100% COTTON POLO or approved equal
SIZES: All Sizes Small – 4Xlarge

Colors: Grey, Navy Blue, White
Meets and exceeds NFPA 1975-2014 requirements as well as UL Certified
Sewn with DuPont™ Nomex® brand thread for NFPA compliance
100% cotton
Double pique weave creates stability and minimizes shrinkage
Premium dyes to ensure colorfastness and fade resistance
Short sleeves with dual pen/pencil slots on left sleeve
Gusseted sleeves for greater range of motion
Side seam slits with extended back length for increased mobility and to keep the shirt tucked in
Reinforced half-moon neck yoke
Tri-button placket; mic/sunglass loop below placket
Comfortable soft knit collar with 'no-curl' inserts
1" rib knit cuff
Machine washable

EMBROIDERED Gold CFD Maltese shall be centered on the left breast (artwork to be provided).
Rank/Name Designation: The embroidered Rank Designation and last name shall be centered on the right breast in gold. The rank details are as follows: CHIEF, AC, BC, CAPT., LT, and FGF., Color to be gold. Followed by last name of person ordering polo.

Sample: Each bidder shall furnish a sample of the dress cap they propose to furnish under terms of said bid. Sample to be submitted to the Cleveland Fire Department Storeroom, 1645 Superior Ave., Cleveland, Ohio 44114.
NORTHERN IRELAND FAIR EMPLOYMENT PRACTICES DISCLOSURE

INSTRUCTIONS: Under Sec. 181.26 Cleveland Codified Ordinances, the information requested on this page must be supplied by all Contractors and any Subcontractors having more than a fifty percent (50%) interest in the proposed contract before the City will award a contract. Any Contractor or Subcontractor that is found to have made a false statement in the Disclosure shall be in default of its bid and/or contract obligations and shall be subject to the remedies for default contained in its contract. For failure to cure such a default, a Contractor or Subcontractor shall be automatically ineligible to bid to supply any goods or services to the City for a period of two years.

CHECK WHICHEVER IS APPLICABLE:

A. ( ) The undersigned or any controlling shareholder, *subsidiary, or parent corporation of the undersigned is NOT ENGAGED IN ANY BUSINESS OR TRADING FOR PROFIT IN NORTHERN IRELAND. (If paragraph A. is checked, proceed to the signature line.)

B. ( ) The undersigned or any controlling shareholder, *subsidiary, or parent corporation IS ENGAGED IN ANY BUSINESS OR TRADING FOR PROFIT IN NORTHERN IRELAND. (If paragraph B. is checked, please either check the stipulation contained in paragraph C. or attach documentation that shows that the undersigned has complied with the stipulation contained in paragraph C.

C. ( ) The undersigned and all enterprises identified in paragraph B. are TAKING LAWFUL AND GOOD FAITH STEPS TO ENGAGE IN FAIR EMPLOYMENT PRACTICES WHICH ARE RELEVANT TO THE STANDARDS EMBODIED IN THE “MacBride Principals for Fair Employment in Northern Ireland.” A copy of the MacBride Principles can be obtained from the Office of the Commissioner of Purchases and Supplies. In lieu of checking this paragraph, the undersigned must attach documentation which the undersigned believes shows compliance with the stipulation contained in this paragraph C.

Name of Contractor or Subcontractor

By: __________________________

Title: __________________________

"Controlling shareholder" means any shareholder owning more than fifty percent (50%) of the stock in the corporation or more than twenty-five percent (25%) of the stock in the corporation if no other shareholder owns a larger share of stock in the corporation.

SUPPLEMENTAL

Dyfon
Rev. 03-30-12 PAGE 14-15
NOTICE TO BIDDERS

Subject: Submission of NORTHERN IRELAND FAIR EMPLOYMENT PRACTICES DISCLOSURE

Each bidder and/or appropriate parties should complete the DISCLOSURE and submit it with the bid, if possible. If not submitted with the bid, it must be completed and submitted to the Commissioner of Purchases and Supplies before the City will award a contract. If a bidder or appropriate parties fail to complete and submit it, they shall not be eligible for a contract award.
EQUAL OPPORTUNITY CLAUSE
(Section 187.22(b) C.O.)

Each Contract also shall contain the following equal opportunity clause:

"During the performance of this contract, the contractor agrees as follows:

(1) The contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group or Vietnam-era or disabled veteran status. The contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to race, religion, color, sex, sexual orientation, national origin, age, disability, ethnic group, or Vietnam-era or disabled veteran status. As used in this chapter, "treated" means and includes without limitation the following: recruited, whether by advertising or other means; compensated, whether in the form of rates of pay or other forms of compensation; selected for training, including apprenticeship, promoted, upgraded, demoted, downgraded, transferred, laid off and terminated. The contractor agrees to and shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by the hiring representatives of the contractor setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that the contractor is an equal opportunity employer.

(3) The contractor shall send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract, or understanding, a notice advising the labor union or worker's representative of the contractor's commitments under the equal opportunity clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) It is the policy of the City that local businesses, minority-owned businesses and female-owned businesses shall have every practicable opportunity to participate in the performance of contracts awarded by the City subject to the applicable provisions of the Cleveland Area Business Code.

(5) The contractor shall permit access by the Director or his or her designated representative to any relevant and pertinent reports and documents to verify compliance with the Cleveland Area Business Code, and with the Regulations. All such materials provided to the Director or designee by the contractor shall be considered confidential.

(6) The contractor will not obstruct or hinder the Director or designee in the fulfillment of the duties and responsibilities imposed by the Cleveland Area Business Code.

(7) The contractor agrees that each subcontract will include this Equal Opportunity Clause, and the contractor will notify each subcontractor, material supplier and supplier that the subcontractor must agree to comply with and be subject to all applicable provisions of the Cleveland Area Business Code. The contractor shall take any appropriate action with respect to any subcontractor as a means of enforcing the provisions of the Code."

Revision Date: May 15, 2015 - Final
DIVISION OF PURCHASES & SUPPLIES

Subcontractors Notice

There is no Subcontractor Participation (Utilization) Goal for this contract. However, per Section A-19 or 22(a) of the Instructions to Bidders, any and all proposed subcontractors, whether City certified or not, must be divulged and listed in the sealed bid. If you do plan to utilize a subcontractor, submit a proposed subcontractor list on a separate, signed sheet of paper, listing the name, address, type of work or materials, and total subcontractor amount for each and every subcontractor that you propose to use on this contract.

You are encouraged to consider City-certified firms for any available subcontracting opportunities. A searchable database of all City-certified firms can be found on the City of Cleveland Office of Equal Opportunity Website:

http://www.city.cleveland.oh.us/oeo

On the website, click on CSB/MBE/FBE Registry.
